CoC Planning Project Application

Introduction

Welcome to the Continuum of Care (CoC) Planning Project Application navigational guide. This guide covers important information about accessing and submitting the project application for CoC Planning funds.

The CoC's designated Collaborative Applicant is the only entity that can apply for the CoC Planning funds. This organization must be the same Collaborative Applicant identified during the CoC Program Registration process.

To submit a project application in *e-snaps*, the Collaborative Applicant must submit the CoC Planning Project Application as a Project Applicant. It is the only way that HUD will be able to process the application in *e-snaps* and award conditional funds. The first section of this guide elaborates on what this means.

Two-Year NOFO. The Consolidated Appropriations Act, 2024 authorizes HUD to issue a single 2-year NOFO for fiscal years 2024 and 2025. Collaborative Applicants will submit their CoC Planning and UFA Costs projects to HUD for consideration, much like in prior-year competitions. However, Collaborative Applicants are not required to submit applications for FY 2025 CoC Planning and UFA Costs projects. Instead, HUD will award FY 2025 CoC Planning and UFA Costs projects using FY 2024 application submissions.

CoC Planning Project Application

Objectives

By the end of this module, you will be able to:

- Identify the correct *e-snaps* account to use to submit the Project Application.
- Access *e-snaps*.
- Register for the CoC Planning Project Application funding opportunity.
- Create the Project on the “Projects” screen.
- Access the Project Application on the “Submissions” screen.
- Complete and submit the Project Application to the Collaborative Applicant (it will appear in the Priority Listing when you update the list).
- *Only if needed*, amend the Project Application from the CoC Priority Listing for revision in your Project Applicant *e-snaps* account.

Posted Resources

HUD has determined that some CoC- and *e-snaps*-related resources need to be posted to HUD.gov, HUD’s official website, rather than to the HUD Exchange, which focuses on technical resources for communities and grant recipients. FY 2024 NOFO information (e.g., detailed instructions), including the FY 2024 *e-snaps* Navigational Guides, will be published and updated on HUD.gov. Many of the other CoC- and *e-snaps*-related technical resources will remain on the HUD Exchange.

Have a question?

The *e-snaps* AAQ on HUD Exchange is no longer active. Questions about *e-snaps* and the CoC Program Competition must be submitted to the appropriate HUD.gov email address, as follows:

- CoCNOFO@hud.gov for questions about the NOFO, competition, and applications.
- e-snaps@hud.gov for questions about *e-snaps* technical issues such as creating an individual user profile, lockouts/password resets, requesting access to a CoC’s or Project Applicant’s *e-snaps* account, navigating *e-snaps*, updating the Applicant Profile, identifying the funding opportunity, creating a project, and accessing the application on the “Submissions” screen.

In your email, please provide:

- The specific details regarding the issue you are encountering.
- The steps you have taken up to the point the issue occurs.
- Any error messages.

You may also want to provide a screenshot.

CoC Planning Project Application

Overview of This Instructional Guide

The organization of material in this instructional guide corresponds with the different parts of the Project Application process, and the instructional steps follow the progression of screens in *e-snaps*.

- **Using the correct *e-snaps* account.** You must understand which *e-snaps* account to use to submit the CoC Planning Project Application. This section discusses the need for each Collaborative Applicant organization to have access to two separate *e-snaps* accounts.
- **Accessing *e-snaps*.** Each *e-snaps* user needs his or her individual username and password to log in to the online *e-snaps* system. In order to view an organization's Project Applicant Profile, Project Applications, etc., the *e-snaps* user needs to be associated as a "registrant" with the organization's *e-snaps* account. This section identifies the steps to create user profiles and add or delete registrants.
- **Project Applicant Profile.** Project Applicants must review the Project Applicant Profile, update the information as needed, and select the "Complete" button to proceed to the Project Application process.
- **Accessing the CoC Planning Project Application.** After the Project Applicant Profile is complete, Applicants need to follow a series of steps to access the Project Application forms. The steps discussed in this section include registering the Applicant for the FY 2024 CoC Planning Project Application funding opportunity, creating an FY 2024 CoC Planning project, and accessing the Project Application forms.
- **CoC Planning Project Application.** After accessing the FY 2024 CoC Planning Project Application, Applicants will complete a series of screens asking for information about the project for which they are applying for funding. This section provides instructions for each screen. After all required information is provided, the Applicant will submit the CoC Planning Project Application via *e-snaps*.
- **Submitting the Project Application.** This section provides instructions on submitting the Project Application and includes troubleshooting tips and instructions for updating the Project Applicant Profile if the information pre-populating in the Project Application is incorrect.
- **Amending the Project Application.** The section on Submitting the Project Application includes instructions for amending the Project Application. If changes need to be made to the CoC Planning Project Application after it has been submitted and it appears in the Priority Listing, the Collaborative Applicant will send the project back to the Project Applicant; it will essentially send the project back to itself.

Amending Project Application

If you amend the Project Application back to yourself for revision or correction, you are responsible for ensuring it is resubmitted in e-snaps to the CoC Priority Listing before the CoC Priority Listing is submitted to HUD.

If a Project Application does not appear on the CoC Priority Listing, it will not be reviewed or considered for conditional award.

CoC Planning Project Application

Collaborative Applicants Applying As Project Applicants

The Collaborative Applicant has two roles during the Competition: one as the Collaborative Applicant submitting the entire Consolidated Application and one as a Project Applicant applying for grant funds.

For each role, the organization **MUST** have two separate *e-snaps* accounts and needs to complete two separate Applicant Profiles.

Defining e-snaps accounts

Individuals have their own user accounts (user profiles) with a username and password. Individuals have access to different Collaborative Applicant and Project Applicant e-snaps accounts.

The Collaborative and Project Applicant e-snaps accounts represent organizations, not people. They contain an Applicant Profile and its associated applications.

As a Collaborative Applicant

The Collaborative Applicant submits the CoC Application and CoC Priority Listing on behalf of the CoC. For this task, you need to be able to log in and see an Applicant Profile that represents the CoC and you as the Collaborative Applicant.

- The Applicant Number should be the CoC Number.
- Every CoC has a CoC Applicant Profile in *e-snaps*. Collaborative Applicant organization staff need to gain access to the existing CoC *e-snaps* account.
- The **ONLY** time a person would create a new CoC Applicant Profile is if a new CoC receives a CoC Number that has never been used before.

As a Project Applicant

The organization submits a CoC Planning Project Application **as a Project Applicant** using a separate *e-snaps* account. This *e-snaps* account is the one that HUD will use to process the grant agreement, not the account where the CoC Application and CoC Priority Listing reside.

- The Applicant Number should be the organization's Unique Entity Identifier (UEI). Note: The DUNS number has been replaced by the UEI. For more information on the UEI, please go to <https://www.gsa.gov/about-us/organization/federal-acquisition-service/technology-transformation-services/integrated-award-environment-iae/iae-systems-information-kit/unique-entity-id-is-here>.
- If a Collaborative Applicant is completely new to *e-snaps* (i.e., if the organization is submitting a Project Application for the first time), the organization must create a Project Applicant in *e-snaps*.
- Collaborative Applicants that submitted Project Applications in the past should **not** create a new Project Applicant Profile; they should use the Project Applicant Profile that they used previously to submit this year's application for CoC Planning funds.

CoC Planning Project Application

Alternating Roles

Collaborative Applicant organizations must NOT use the CoC's Collaborative Applicant *e-snaps* account to create and submit a Project Application of any kind, including a New, Renewal, Youth Homeless Demonstration Program (YHDP), or Unified Funding Agency (UFA) Costs (if applicable) Project Application.

The Collaborative Applicant will need to switch between the two different *e-snaps* accounts, depending on whether staff are working on a Project Application or the CoC Application and Priority Listing.

When *e-snaps* users log into the system, they need to select "Applicants" in the left menu bar, and then they will see an "Applicant" field at the top of the screen, as shown in the screenshot below. This field identifies the organization's account in which the user is working.

The screenshot shows the 'Front Office' interface. At the top, there is a navigation bar with the user's name 'dgraycastl', 'Logout', and 'Help' options. Below this, a dropdown menu labeled 'Applicant:' is set to 'City of St. Louis (MO-501 Project Applicants)'. A callout box points to this dropdown with the text 'Confirm that the correct Applicant appears'. Below the dropdown is a table titled 'Applicants' with the following data:

Children	Registrants	Parent	Open	Applicant Name	Applicant Number	Number of Projects	Last Submission
				City of St. Louis	MO-501 Project Applicants	265	2024-07-23 14:18:38.023

e-snaps Help Desk

If you have issues with identifying the correct Applicant, contact the HUD e-snaps Help Desk at:

- e-snaps@hud.gov

Please provide specific details regarding the issue you are encountering, the steps you have taken up to the point the issue occurs, and any error messages.

You may also want to provide a screenshot.

CoC Planning Project Application

Accessing e-snaps

The Project Application is submitted electronically in *e-snaps* during the annual competition under the NOFO for the FY 2024 CoC Program Competition. However, Collaborative Applicants are not required to submit applications for FY 2025 CoC Planning and UFA Costs projects. Instead, HUD will award FY 2025 CoC Planning and UFA Costs projects using FY 2024 application submissions.

The screenshot shows the 'Front Office Portal' for 'e-snaps'. On the left is a sidebar with 'Front Office Portal', 'Username:' and 'Password:' input fields, a 'Login' button, 'Forgot your password?', 'Create Profile', and 'Contact Us'. The main content area is titled 'Welcome to e-snaps' and contains a welcome message, login instructions, and registration information. Two callout boxes are present: one pointing to the login fields with the text 'Existing users log in here' and another pointing to the 'Create Profile' button with the text 'If new to e-snaps, create a user profile here'.

- Funding Opportunity Registration
- Projects
- Accessing the Project Application from the “Submissions” screen

CoC Planning Project Application

Funding Opportunity Registration

All Collaborative Applicants applying for CoC Planning funds must register the organization for the CoC Planning Project Application funding opportunity. Registering for the funding opportunity enables Applicants to apply for CoC Planning costs during the FY 2024 CoC Program Competition.

Terminology:

"Registering" in this context means "indicating your intent to apply."

"Funding Opportunity" refers to the type of grant. There are options when you select this screen. They include CoC Planning, New, Renewal, and UFA Costs.

On this screen, you are indicating your intent to apply for a specific type of grant.

The screenshot shows the 'Funding Opportunity Registrations' screen. At the top, there is a dropdown menu for 'Applicant' set to 'City of St. Louis (MO-501 Project Applicants)'. Below this is a table with columns: 'Register', 'View', 'Funding Opportunity Name', 'App', 'Start Date', and 'End Date'. The table contains several rows of funding opportunities. Callouts point to specific elements: 1. 'Funding Opportunity Registrations' in the left sidebar. 2. The 'Applicant' dropdown. 3. The 'CoC Planning Project Application FY2024' row. 4. The 'Register' icon (a document with a red checkmark) next to the 'CoC Planning Project Application FY2024' row.

CoC Planning Project Application

Creating the CoC Planning Application Project

Collaborative Applicants must create a project for the CoC Planning Project Application in *e-snaps* on the "Projects" screen. Creating a project is an intermediate step; Collaborative Applicants do NOT enter the project on the "Projects" screen to complete the application and instead access the application from the "Submissions" screen.

After the Collaborative Applicant "creates" the project, it will appear on this screen and "CoC Planning Project Application FY2024" will appear under the "Funding Opportunity Name" column.

Terminology:

"Creating a Project" means giving the project application a name.

The screenshot shows the 'Front Office' web application interface. The top navigation bar includes the 'Front Office Portal' logo, user information 'dgraycastl', and links for 'Logout' and 'Help'. The main content area is titled 'Projects' and features a dropdown menu for 'Applicant' set to 'City of St. Louis (MO-501 Project Applicants)'. Below this is a 'Project Status' dropdown set to 'Open Projects' and a 'Funding Opportunity Name' dropdown set to 'CoC Planning Project Application FY2024'. A table below these elements shows a list of projects with columns for 'Project Name', 'Funding Opportunity Name', and 'City of St. Louis'. An 'Add' icon (a document with a plus sign) is visible above the table headers. Five callout boxes provide instructions: 1. Select 'Projects' from the left menu bar. 2. Confirm the correct Project Applicant. 3. Select the 'CoC Planning Project Application FY2024' funding opportunity. 4. 'Add' icon appears after selection of funding opportunity. 5. Select 'Add' icon.

Steps

1. Select "Projects" on the left menu bar. The "Projects" screen appears.
2. Confirm the correct Project Applicant.
3. Select **"CoC Planning Project Application FY2024"** from the "Funding Opportunity Name" dropdown.
4. The screen refreshes and an "Add" icon  appears on the left side of the screen above the column headings.
5. Select the "Add" icon. 
6. The "Create a Project" screen appears.

CoC Planning Project Application

Steps

1. On the "Create a Project" screen, the Applicant Name will be pre-populated.
2. In the "Applicant Project Name" field, enter the CoC Number followed by the words "CoC Planning Application FY 2024."
 - For example, a Collaborative Applicant that is applying for CoC Planning funds for the AN-500 CoC should enter: **"AN-500 CoC Planning Application FY 2024."**
3. Select "Save & Back" to return to the "Projects" screen.

Edit	Project Name	Project Number	Funding Opportunity Name	Applicant Name	Applicant Number	Step Status
	City of St. Louis (MO-501 Project Applicants)	138527	CoC Planning Project Application FY2024	City of St. Louis	MO-501 Project Applicants	In Progress
	MO-501 CoC Planning Application FY 2024	138528	CoC Planning Project Application FY2024	City of St. Louis	MO-501 Project Applicants	In Progress

4. The project name is now listed in the menu.
5. Select the "View" icon to view project details. It is not necessary to enter any notes on that page.

Remember, the "Applicant" field with the dropdown menu located at the top of the screen identifies the Project Applicant Profile in which you are working.

Please ensure you are working in the correct one. Do not use your Collaborative Applicant Profile. You must use your agency's Project Applicant Profile to complete the CoC Planning Project Application.

CoC Planning Project Application

Submissions

After completing the Project Applicant Profile, registering for the Funding Opportunity, and creating the Project Application project, Collaborative Applicants may now enter the CoC Planning Project Application and complete the screens. You must access the CoC Planning Project Application through the "Submissions" screen.

Terminology:

"Submissions" refers to both submitted Project Applications and those in progress to be submitted.

This screen also includes applications that are created by mistake and are not intended to be submitted. Once you have created a project on the Projects screen and it appears here, you cannot delete it. You can only rename it.

The screenshot shows the 'Submissions' screen in the Front Office portal. The left sidebar has 'Submissions' selected. The main area shows filters for 'Applicant' (City of St. Louis), 'Applicant Project Name' (MO-501 CoC Planning Application FY 2024), 'Date Submitted', 'Project Status', 'Submission Version', and 'Associate Type'. A table below lists the submission details.

Actions	Project Name Project Number	Funding Opportunity Name Step Name	Start Date	End Date	Associate Type	Version	Date Submitted
	MO-501 CoC Planning Application FY 2024 138528	CoC Planning Project Application FY2024 CoC Planning Project Application FY2024	Mar 24, 2023	Dec 31, 2027	Primary Applicant	1	

Steps

1. Select "Submissions" on the left menu bar. The "Submissions" screen will appear.
2. Confirm the correct Project Applicant.
3. Locate the Project Application you established.
 - Option: Use the "Submissions Filters." Select your Project's name in the "Applicant Project Name" field. Then select the "Filter" button to single out your project(s).
 - Option: Select "Clear Filters" on the top left of the "Submissions Filters" box. Then, review the "Funding Opportunity Name / Step Name" column for "CoC Planning Project Application FY2024."
4. Continue with the instructions in the next section for completing the Project Application.

CoC Planning Project Application

CoC Planning Project Application

Completing the Project Application forms in *e-snaps* is a fairly straightforward process. This section identifies the steps for completing the forms.

NOTE:

Some data may pre-populate from the Project Applicant Profile (i.e., e-snaps will bring it forward).

Review the pre-populated data. If it is not correct, you will need to edit the Project Applicant Profile, making sure to select the "Complete" button after editing so that the data can be pulled forward again.

To revise the Project Applicant Profile, see the instructions under the [Updating the Applicant Profile](#) section of this guide.

2-Year NOFO

The Consolidated Appropriations Act, 2024 authorizes HUD to issue a single 2-year NOFO for fiscal years 2024 and 2025.

The application and selection process for the FY 2024 funds awarded through this NOFO (the FY 2024 CoC Program and YHDP funds) will proceed much like it has in prior-year competitions. However, CoCs are only required to submit one CoC application that will be applicable to FY 2024 and FY 2025 funds. HUD reserves the right to award available FY 2025 funds (the FY 2025 CoC Program and YHDP funds) based on this NOFO competition.

Impact of 2-Year NOFO on CoC Planning and UFA Costs Projects

Collaborative Applicants will submit their CoC Planning and UFA Costs projects to HUD for consideration, much like in prior-year competitions.

However, Collaborative Applicants are not required to submit applications for FY 2025 CoC Planning and UFA Costs projects. Instead, HUD will award FY 2025 CoC Planning and UFA Costs projects using FY 2024 application submissions.

CoC Planning Project Application

Accessing the Project Application

Access the Project Application through the "Submissions" screen.

The screenshot shows the 'Front Office' interface. The top navigation bar includes the 'Front Office Portal' logo, a user profile 'dgraycastl', and 'Logout' and 'Help' links. A left sidebar menu contains 'Profile', 'My Account', 'Workspace', 'Applicants', 'Funding Opportunity Registrations', 'Projects', 'Submissions', and 'Contact Us'. The 'Submissions' section is active, showing a search area with 'Applicant:' set to 'City of St. Louis (MO-501 Project Applicants)'. Below this are filter options: 'Applicant Project Name:' (MO-501 CoC Planning Application FY 2024), 'Date Submitted:' (On or After), 'Project Status:' (All Projects), 'Submission Version:' (Latest Version), and 'Associate Type:' (All). A 'Filter' button is present. Below the filters is a table with columns: 'Funding Opportunity Name', 'Start Date', 'End Date', 'Associate Type', 'Version', and 'Date Submitted'. The first row in the table is: 'MO-501 CoC Planning Application FY 2024', 'Mar 24, 2023', 'Dec 31, 2027', 'Primary Applicant', '1'. An orange folder icon is next to the first row. Callouts indicate: 1. Select 'Submissions' on the left menu. 2. Confirm the correct Project Applicant. 3. Use the filters to locate the project. 4. Select orange 'Folder' icon to access the project.

Project Application Changes

NOTE:

For the CoC Planning Project Application, the Collaborative Applicant and the Project Applicant are the same entity. Nevertheless, you have two roles and thus two Applicant Profiles.

You need to follow these steps as if you have two roles by switching the name of the Applicant in the "Applicant" field that appears at the top-left side of the "Applicants," "Projects," and "Submissions" screens.

If changes need to be made to the Project Applications, the Collaborative Applicant will send the project back to the Project Applicant. Project Applicants may need to change the Project Application if they find an error or if the Collaborative Applicant requests a change to one or more of the forms. The following action steps must be taken by the Collaborative Applicant and Project Applicant.

Steps—Who

1. Collaborative Applicant The following actions are taken by the Collaborative Applicant so the Project Applicant can amend the Project Application:

 - Select the “notepad” icon on the Project Listing screen to “release” the Project Application back to the Applicant.
 - Update the project listing so the Project Application does not appear on the Project Listing.

NOTE: Specific instructions for Collaborative Applicants are available in the Project Priority Listings instructional guide on the CoC Program Competition Resources page at:

 - https://www.hud.gov/program_offices/comm_planning/coc/competition.
2. Project Applicant After the Project Application has been amended back to the Project Applicant for changes, any registrant with access to the organization's *e-snaps* account should be able to access, edit, and resubmit the Project Application.

The following actions are taken by the Applicant once the Collaborative Applicant has released the Project Application:

 1. Log in to *e-snaps*.
 2. Select “Submissions” on the left menu bar.
 3. Find the Project Application that was sent back to the Applicant. Review the list under the Project Name column or use the Project Name dropdown menu and “Filter” button. The Project Name for the Project Application will be listed, but it will no longer have a date under the “Date Submitted” column. Select the “Open Folder” icon  to the left of the project with no submission date.
 4. Make the required change(s), saving each form as it is revised.
 5. Select the “Submit” button.
3. Collaborative Applicant After the Project Applicant has re-submitted the Project Application, the Collaborative Applicant must update the project listing for the Project Application to reappear on the Project Listings screen.
