Subject: Deadline Extension for Funding Opportunity from the Ryan White HIV/AIDS Program

Deadline Extension for Funding Opportunity from the Ryan White HIV/AIDS Program

This message comes from our colleagues working with the Ryan White HIV/AIDS Program:

The Supporting Replication of Housing Interventions in the Ryan White HIV/AIDS (SURE Housing) Program is designed to reduce disparities in HIV and housing outcomes among youth and young adults (ages 18-24), people who have been justice-involved, and members of the lesbian, gay, bisexual, transgender, and queer or questioning (LGBTQ+) community. As such, the SURE Housing Program Team is soliciting proposals, and will distribute 10 awards across these three priority populations to promote the replication of interventions that address their unique barriers to health and housing. This notice is to inform all potential applicants we have extended the RFP deadline to **March 8, 2023, at 11:59pm Eastern Time**. Thus far, many applications received have indicated an intent to serve the LGBTQ+ population. We strongly encourage additional organizations to submit applications to serve the youth and young adults or justice-involved populations, as appropriate to skill and experience, as well as demonstrated need. Any organization that has already submitted a proposal to serve the LGBTQ+ focus area and who wishes to modify their application to serve the youth and young adults, or justice-involved population may submit a new application by the deadline of March 8. This new application will supersede any previous applications submitted.

To learn more about the SURE Housing Initiative kindly follow the link below. If you have any question or comments concerning the RFP or deadline extension, kindly email HRSA.TA@csh.org with your organization's name in the subject line of the message.

Learn more.

Housing is a structural intervention in ending the HIV epidemic in the United States. Each year, HOPWA ensures housing stability for more than 100,000 American households that are low-income and living with HIV.
