**CDC-HUD-HRSA Joint Letter: Housing Status and HIV Outbreaks**

The Centers for Disease Control and Prevention (CDC) Division of HIV Prevention (DHP), the U.S. Department of Housing and Urban Development (HUD) Office of HIV/AIDS Housing (OHH), and the Health Resources and Services Administration (HRSA) HIV/AIDS Bureau (HAB) have partnered on recent responses to HIV outbreaks among people experiencing homelessness and housing instability.

The attached letter highlights lessons learned through that work and actions communities can take to effectively prepare for and respond to these outbreaks.

---

*Housing is a structural intervention in ending the HIV epidemic in the United States. Each year, HOPWA ensures housing stability for more than 100,000 American households that are low-income and living with HIV.*
