Subject: Available Now: HUD-Assisted Housing Technical Expert Panel Executive Summary

Available Now: HUD-Assisted Housing Technical Expert Panel Executive Summary

The U.S. Department of Health and Human Services (HHS), Health Resources and Services Administration (HRSA), HIV/AIDS Bureau (HAB), the Centers for Disease Control and Prevention (CDC) Division of HIV Prevention (DHP), and the U.S. Department of Housing and Urban Development (HUD) Office of HIV/AIDS Housing (OHH) collaboratively hosted a virtual Technical Expert Panel (TEP) on August 1 and 2, 2022. The purpose of the TEP was to examine the facilitators and barriers to accessing HUD-assisted housing, including, but not limited to, the Housing Opportunities for Persons With AIDS (HOPWA) program for people with HIV, as well as those in need of HIV prevention services, with particular emphasis on the priority populations identified in the National HIV/AIDS Strategy for the United States 2022–2025.

The HUD-Assisted Housing Technical Expert Panel Executive Summary can be accessed here: [Optimizing HUD-Assisted Housing Among People in Need of HIV Care and Prevention Services \(hrsa.gov\)](https://www.hrsa.gov/optimizing-hud-assisted-housing-among-people-in-need-of-hiv-care-and-prevention-services)

Housing is an effective structural intervention in ending the HIV epidemic in the United States. Each year, HOPWA ensures housing stability for more than 100,000 American households that are low-income and living with HIV.
