Webinar on Build America, Buy America Act (BABA) Request for Information – February 22, 1:00 p.m. EST

HUD will be hosting a public webinar to provide an overview of the Build America, Buy America Act (BABA) Request for Information (RFI) notice on Thursday, February 22, from 1-1:30 p.m. EST.

To join the webinar, [use this link](#).

Background: HUD published a Request for Information (RFI) in the Federal Register on 2/13/24 to seek public input on the implementation of the Build America, Buy America Act (BABA) as it applies to HUD's Federal Financial Assistance (FFA) provided in support of construction, alteration, maintenance, and repair of housing infrastructure projects in the United States.

The purpose of this RFI is to improve HUD's understanding of the current state of the domestic market for products required in housing infrastructure projects. HUD is especially interested in comments detailing domestic materials sourcing, market readiness, other product supply considerations, and whether specific housing products or their components are manufactured in the United States.

HUD will be taking comments on the notice until April 15, 2024. Comments can be submitted at <https://www.regulations.gov>.

For more information, please visit the Federal Register [Federal Register :: Request for Information Regarding Iron, Steel, Construction Materials, and Manufactured Products Used in Housing Programs Pursuant to the Build America, Buy America Act](#).

Housing is an effective structural intervention in ending the HIV epidemic in the United States. Each year, HOPWA ensures housing stability for more than 100,000 American households that are low-income and living with HIV.
