Are there character limits for the descriptions fields?

from EBONY CLAYTON to everyone: 3:24 PM

1) WHAT IS THE GUIDANCE FOR HOW SSO PROJECTS ARE TYPED? ARE SSO - CE ONLY ALLOWED? 2) OUR COMMUNITY WILL SELECT OUR SUBRECIPIENTS THROUGH THE RFP PROCESS AFTER JULY 1, HOW WOULD WE NOTATE THIS IN THE E-SNAPS?

from Caroline Crouse to everyone: 3:26 PM

@Ebony- the YHDP project applications are not limited to just SSO-CE. You may apply for any SSO project

from EBONY CLAYTON to everyone: 3:26 PM

@Caroline thanks Caroline. Wanted to triple check!

from Sidhartha Nilakanta to everyone: 3:27 PM

@susan Hernandez, Are there character limits for the descriptions fields? I believe there are, but we allow a lot of characters. We can check and let you know after the webinar

from Caroline Crouse to everyone: 3:32 PM

@ Ebony- to the second part of your question, you can add subrecipients to your project after the project application is submitted to HUD. This is not considered a significant change in your project.

from Melissa Sirak to everyone: 3:33 PM

Thanks, Caroline. If project recipient are determined after July 1st, should it be noted somewhere in the application?

from Caroline Crouse to everyone: 3:34 PM

@Melissa- please note that Ebony's question and my response were about subrecipients, not recipients. You can add subrecipients after you submit the application and can note that you plan to do so in the "Project Description."
