

HUD OFFICE OF LEAD HAZARD CONTROL AND HEALTHY HOMES: GRANT AWARD SUMMARIES

ALABAMA

City of Florence

Total Amount: \$1,500,000

The City of Florence will be awarded \$1,500,000 in Lead Hazard Reduction Grant Program funding. The City of Florence will address lead hazards in 25 housing units providing safer homes for low and very low-income families with children. City of Florence will be working with other medical and social service providers. Contact Person: Melissa Bailey, 256-740-8806 and m Bailey@florencial.org.

City of Selma

Total Amount: \$2,215,500

The City of Selma will be awarded \$2,215,500 in Lead Hazard Reduction Grant Program funding. The City of Selma will address lead hazards in 120 housing units providing safer homes for low and very low-income families with children. City Of Selma will be working with other medical and social service providers. Contact Person: Danielle Wooten, 334-874-2101 and mayoroffice@selma-al.gov.

City of Montgomery

Total Amount: \$716,650

The City of Montgomery will be awarded \$716,650 in Lead Hazard Reduction Capacity Building Grant Program funding. The program partnership for the City's Lead Hazard Reduction Capacity Building Grant Program will include recruiting and strengthening partnerships and sub-grantees to form a community-based healthcare program initiative to include lead paint hazards awareness. The program will build upon established partnerships with over 25 organizations along with the LHRCB grant funding. These partnerships have an intentional focus on minority health disparities in the city to include lead-based paint hazards to children under the age of six. The program will use Neighborhood Services Department to link the program to all City's neighborhood associations. Contact Person: Desmond Wilson, (860) 997-2195 and dwilson@montgomeryal.gov.

HUD OFFICE OF LEAD HAZARD CONTROL AND HEALTHY HOMES: GRANT AWARD SUMMARIES

The Town of Fort Deposit

Total Amount: \$2,499,134

The Town of Fort Deposit’s Lead Hazard Reduction Capacity Building Grant Program grant funds will be used for a comprehensive education program to ensure communities are aware of the risk of lead exposure, potential sources of lead, how to test for the presence of lead and what to do if there is a suspicion of lead exposure. The education programming will include community events, outreach to childcare facilities and churches, media campaigns including social media, and canvassing activities. The Town of Fort Deposit will create and educate youth councils that will assist in educating the communities. The program will also work with healthcare providers to increase blood lead testing of children and the reporting of all tests. Fort Deposit will work with four partner communities in Sumter, Wilcox, Marengo and Barbour Counties and Black Belt Community Foundation. Contact information: Dr. Sharlene Newman Phone: 812-45-9524 Email: sdewman@ua.edu.

MASSACHUSETTS

Massachusetts Department of Public Health

Total Amount: \$2,500,000

The Health Department will utilize Lead Hazard Reduction Capacity Building Grant Program funding to increase tenants and property owners' awareness of their rights and responsibilities under the Massachusetts Lead Law, federal Fair Housing Act, and Lead Disclosure Rule, lead-safe work practices, and resources to identify and mitigate lead paint hazards. The program will increase capacity in target area(s) and to perform lead inspections and abatement. In addition, the program will improve access to Lead Safe Homes so all consumers including limited English proficient (LEP) can make informed decisions about buying, selling, or renting a home. Final main objective for the program is to develop a pipeline of units for lead abatement projects. Contact Information: Jenna David - Phone number: 781-429-8189, Email Address: jenna.c.david@mass.gov Title: Director, Primary Prevention, and Infrastructure

HUD OFFICE OF LEAD HAZARD CONTROL AND HEALTHY HOMES: GRANT AWARD SUMMARIES

Cattaraugus County Health Department

Total Amount: \$2,500,000

The county will prioritize both primary prevention efforts and HUD Lead Hazard Reduction Capacity Building Grant Program funded remediation in targeted “disadvantaged communities” as labelled first with at least 40% of grants funds allocated to renovations in these identified target areas. As adjacent counties, the program will collaborate on partnership development and contractor training. Through the Lead Smart Partnership (LSP), other partnerships and education and outreach, both counties have been able to educate but more needs to be done. Both counties have also developed key partnerships, but fiscal and human resources have prevented additional partnerships from being developed. The county also struggles with local code enforcement and will work on improving these efforts with the grant funding. Contact Information: Ms. Melissa Chamberlain Phone Number: 716-701-3412 Email:
