NOTE: Does not include Home Equity Conversion Mortgage (HECM). Due to differences in timing and data sources, the inventory of SDQ loans may not reconcile fully with the FHA Loan Performance Trends report.

<sup>a</sup> Non Performing portion of the portfolio excludes all current, 30-day delinquent, and 60-day delinquent loans.

<sup>b</sup> New Non-performing portion of the portfolio includes loans that are serious delinquencies 90+ day delinquent, in foreclosure, and in bankruptcy.

<sup>c</sup> Loans that are no longer serious delinquencies—now fewer than 90 days delinquent through full or partial cure of delinquency. Cures can be with or without loss mitigation or lender assistance.

<sup>d</sup> Reconciling adjustments represent late posting of previous period activity. Due to differing reporting methodologies, the delinquency and foreclosure numbers shown above may not fully reconcile with other FHA reporting areas. These differences reflect ordering of intra-month default status codes which may result in different delinquency statuses of mortgages during a month and at month end.
