SECTION I

INTRODUCTION

SECTION I – INTRODUCTION

An Overview of the Orlando Housing Authority's (OHA) Short-Term and Long-Term Goals and Objectives

MTW Activities

As a MTW agency, the OHA is allowed to modify certain requirements to achieve one or more of the following MTW statutory objectives:

1. Reduce cost and achieve greater cost effectiveness in federal expenditures;
2. Give incentives to families with children where the head of household is working, is seeking work, or is preparing for work by participating in job training, educational programs, or programs that assist people to obtain employment and become economically self-sufficient; and
3. Increase housing choices for low-income families.

In general, the OHA's short term and long-term goals are to continue implementing the current MTW activities and uses of funds. One goal of the OHA is to reposition the OHA housing stock by demolishing the Lake Mann, Griffin Park, Ivey Lane, Reeves Terrace, Murchison Terrace, and Lorna Doone developments. The OHA has submitted applications to the Special Applications Center (SAC) with the intention of revitalizing those neighborhoods with innovative housing. The OHA is also investigating alternative repositioning options including, RAD, and RAD/Section 18 Blend. In addition, OHA recently was awarded a Choice Neighborhoods Planning Grant in partnership with LIFT Orlando to address the Lorna Doone and Lake Mann developments. The Authority will identify needed changes to its ongoing MTW activities and uses of funds as a result of this progress and will seek HUD approval for any significant changes.

All activities and uses of funds are discussed, in detail, in the plan. In FY2024, the OHA is re-proposing two (2) previously approved activities, due to planned significant changes in rent reform, to the U.S. Department of Housing and Urban Development's (HUD) for approval.

Activity 1: \$225 Minimum Rent for Non-Elderly and Non-Disabled Households. The OHA modified this activity, in FY2021, from a \$225 rent floor to a \$225 minimum rent and added a minimum work requirement. Additional rent reform measures were proposed to simplify rent calculations, increase revenue for the OHA, and encourage self-sufficiency amongst the residents and participants. These new measures were implemented fall 2019.

Activity 2: Streamline the Recertification Process in the Public Housing and Housing Choice Voucher Programs has been fully implemented. One-third of the OHA's population takes part in a full recertification, while the remaining two-thirds complete an annual update.

Activity 8: Project-Based Vouchers in OHA Owned Properties has been fully implemented and is currently in an ongoing progress of placement.

Activity 9: Establishment of an Agency-Wide \$100 Minimum Rent. This activity is applicable to all households except non-elderly & non-disabled residents & participants, VASH, Tenant Based Rental Assistance participants (non-MTW), Tenant Based Rental Assistance participants (Activity 10), and Antioch residents (non- MTW). It has been fully implemented. Other rent reform measures were proposed, in FY2021, to simplify rent calculations and increase revenue for the OHA. These new measures were implemented fall 2019.

Activity 10: Tenant-Based Voucher Homelessness Prevention Program has been implemented and progress is being made.

Activity 11: The Project-Based Homeownership Program, which is a Section 8 Project-Based Homeownership Program, begins with the development of 46 homeownership units at Carver Park. The OHA is partnering with the City of Orlando Community Redevelopment Agency to develop 41 homes, and the OHA will develop the remaining 41 homes. Planning is currently underway.

Activity 13: Streamlined Public Housing Inspections allows the OHA to inspect the public housing units of those residents that are due for their triennial recertification. The OHA looks forward to the implementation of this activity and the opportunity to evaluate how it assists the OHA in meeting MTW objectives.

Non-MTW Activities

The OHA administers a number of non-MTW programs. Such programs include, but are not limited to, the following:

- (1) vouchers for non-elderly persons with disabilities (NED),
- (2) HUD Veteran Affairs Supportive Housing (VASH) vouchers,
- (3) vouchers for single-room occupancy (SRO),
- (4) family unification vouchers (FUP),
- (5) resident opportunities and supportive services (ROSS),
- (6) family self-sufficiency program (FSS),
- (7) non-public housing or Housing Choice Voucher (HCV) units,
- (8) administration of the Sanford Housing Authority (SHA) by way of an interlocal agreement
- (9) administration of OHA vouchers in the Sanford jurisdiction
- (10) Mainstream (NED), and
- (11) Emergency Housing Voucher Program (EHV) for the Homeless

These programs are essential in their support and assistance to residents and participants that are not involved in MTW activities. For uniformity, the OHA received HUD approval to extend the MTW flexibilities to the Orlando Housing Authority Special Purpose Vouchers in the Sanford jurisdiction. The OHA is now able to apply these flexibilities to its Single Room Occupancy (SRO) program, as well.

The OHA's non-public housing complexes are located at West Oaks Apartments (180 one- and two-bedroom units) and Antioch Manor (a project-based section 202 property consisting of 101 units for the elderly). The OHA's other non-public housing unit is the 75-unit Jackson Court/Division Oaks Development, which is owned by Orlando Properties Inc. Jackson Court is a 58 unit, 3 story senior housing apartment complex with one-bedroom units only. Division Oaks is a two story, 17-unit family apartment complex.

In addition, the OHA maintains oversight of the Carver Park HOPE VI development, which includes The Landings at Carver Park and The Villas at Carver Park. The Landings at Carver Park is 56 units of affordable housing for families (26 tax credit units and 30 tax credit/public housing hybrid units). The Villas at Carver Park is a 64-unit tax credit/public housing apartment complex for the elderly.

The OHA's long term plan for its non-MTW programs is to continue implementing the project-based voucher (PBV) activity at OHA owned sites. The OHA will also continue to manage its properties and to seek opportunities to increase its housing portfolio, so that additional affordable housing options are available to the community. In addition, the OHA is committed to improving the quality of housing to its residents as funding permits.

Lift Orlando, a local non-profit organization whose mission is to break the cycle of poverty through neighborhood revitalization, has partnered with the OHA to redevelop Orlando's Washington Shores community – Pendana, formerly The Villages of West Lakes. Now Washington Shores includes the OHA's LakeMann Homes and Lorna Doone Apartments. Lift Orlando has embarked on the redevelopment of a significant area of blighted housing west of downtown Orlando. The OHA is partnering by providing 20 project-based vouchers for low-income families and 24 PBVs for seniors to improve affordability.

Project-Based VASH

The OHA will project-base forty-five (45) Veterans Affairs Supportive Housing (VASH) vouchers at select locations within Orange and Seminole Counties. The OHA will collaborate with viable partners in the community to execute this initiative with the purpose of housing difficult to place homeless veterans.

Rental Assistance Demonstration Program

The OHA received HUD approval for a Rental Assistance Demonstration (RAD) Portfolio Award for the Citrus Square public housing site in March 2015; Citrus Square Apartments is the only OHA RAD property. Although, the OHA applied for and was awarded HUD RAD applications at other OHA properties, the OHA decided not to pursue RAD conversions at any of its approved properties.

Citrus Square Apartments

Citrus Square Apartments, built in 1982, is an 87-unit, multi-family property comprising 45 buildings situated on 10 acres in east Orlando. The OHA submitted a RAD application in December 2013 to convert units at Citrus Square to Project Based Vouchers (PBV) under the RAD program. The Citrus Square RAD Conversion closed on December 28, 2017. Ovation Housing LLLP owns Citrus Square, and Stephenson and Moore, Inc. manages the property.

Other Public Housing Sites

OHA seeks to reposition six (6) public housing sites Lake Mann, Griffin Park, Ivey Lane, Reeves Terrace, Murchison Terrace, and Lorna Doone developments. The OHA submitted Section 18 Inventory Removal Applications (demolition) to the Special Applications Center (SAC) with the intention of revitalizing those neighborhoods with innovative housing. OHA is also evaluating alternative repositioning options including, RAD, and RAD/Section 18 Blend and the HUD Choice Neighborhoods Program. OHA intends to pursue a FY 2023 HUD Choice Neighborhoods Planning Grant to include redevelopment of Lake Mann Homes and Murchison Terrace Apartments.

Sanford Housing Authority (SHA)

The OHA continues to manage the Sanford Housing Authority (SHA). The goals and objectives for the SHA are to redevelop its former public housing sites. In FY2019, The OHA and SHA broke ground on the new Georgetown Square in Sanford. Construction was completed in January 2021. The SHA also broke ground on Monroe Landings which was completed in February 2022. Somerset Landings is also in underwriting and will have a financial closing in the third quarter of 2022. Additionally, the SHA under the day-to-day management of OHA is working on a design of over 110 single family homes for sale, 10 rental townhomes, a resource center/SHA office, 160 multifamily rental units. OHA plans to include 63 Project Based Vouchers in Somerset Landings.

PLANNED OTHER CHANGES TO MTW HOUSING STOCK ANTICIPATED IN THE PLAN YEAR

The OHA executed a Section 504 and a Section 3 Voluntary Compliance Agreement (VCA) with HUD in April 2015. The VCAs' duration is for a minimum of three years. The agreements include but are not limited to the following highlights:

Section 504 VCA

- Hire a 504/ADA/Reasonable Accommodation Coordinator (complete)
- Construct or convert a minimum of 5% or 76 public housing units into UFAS-accessible units. The construction ranges from minor or moderate modifications to major rehabilitation.
- Modify existing policies; specifically resident transportation, effective communication, transfers, service/emotional support animals, and reasonable accommodations.
- Supplement OHA's existing educational program to improve employees' ability to understand disability related laws.
- Provide initial and refresher notices to head of households describing the Agreement. Also provide copies of the Agreement to each manager and duly elected Resident Council.

Section 3 VCA

- Hire a Section 3 Coordinator (complete)
- Supplementation of the already existing Section 3 Plan.
- Supplementation of the staff educational program related to the requirements of Section 3.
- Providing training for all current and new employees who are responsible for any Section 3 activities.

On January 13, 2020, HUD issued a Letter of Closure on the Section 3 VCA. Further monitoring is no longer required although OHA will continue to fully comply with applicable requirements.

On November 13, 2017, the OHA executed an Amended Section 504 Agreement. The term of the Amended Section 504 Agreement is for a minimum of 5 years. The Amended Section 504 Agreement includes but is not limited to the following highlighted requirements:

- Modification of the OHA reasonable accommodation policy and procedures.
- Notifying residents and participants of delays in processing reasonable accommodation requests.
- Tracking implementation dates of approved reasonable accommodations.
- Engaging in the interactive process with Section 8 landlords to facilitate the implementation of approved reasonable accommodations.
- Reviewing the public housing Needs Assessment submitted to FHEO on December 1, 2015 to ensure that any outstanding items have been addressed. Conduct a new Needs Assessment of the Section 8 program.
- Modify the letter sent to applicants to notify them of their status on the wait list.

Private Management Company

OHA plans on outsourcing its property management for four (4) of its remaining properties

- Meadow Lake
- Marden Meadows
- Omega Apartments
- Johnson Manor Apartments

GENERAL DESCRIPTION OF ALL PLANNED CAPITAL EXPENDITURES DURING THE PLAN YEAR

The OHA plans to reposition six of its properties: Griffin Park, Lake Mann, Lorna Doone, Murchison Terrace, Ivey Lane, and Reeves Terrace. This will entail demolition, relocation of the residents, and the redevelopment of the properties. The OHA plans to continue to address its health and safety needs at its public housing sites.

The OHA will continue to use Capital Funds in FY2024 to retrofit units to meet VCA/ADA/UFAS requirements at many of its properties.

ii. Discussion of Any Anticipated Issues/Possible Solutions Related to Leasing

HOUSING PROGRAM	DESCRIPTION OF ANTICIPATED LEASING ISSUES AND POSSIBLE SOLUTIONS
MTW Public Housing	<p>The OHA is repositioning a significant portion of its public housing stock. This process will take a number of years. Once the OHA receives SAC approval for demolition, residents will be leased up at sites that are not scheduled for repositioning or issued vouchers if the residents qualify. Public housing units, at sites scheduled for demolition, may be held as a result. The OHA's public housing lease rates may decline as we hold units for relocation – 169* units were held vacant for the relocation of the Griffin Park residents. OHA has since relocated all Griffin Park residents to other OHA public housing units that were held to accommodate relocation. As residents are issued and accepting tenant protection vouchers, residents will move out of MTW Public Housing into HCV Program and this will create vacancies.</p> <p>*A total of 172 Units, 2 units for Management office relocation and 1 unit for Community meeting room.</p>
MTW Housing Choice Voucher	<p>Funding is a potential issue for the HCV program. Funding levels from HUD have continued to be below the amount needed to fund the program. The OHA may not have enough administrative support to comply with HUD's leasing requirements. The OHA has increased the flexibility of its HCV occupancy standards to be the same as public housing's minimum and maximum number of persons per bedroom for all bedroom sizes as a remedy to some of its leasing challenges.</p> <p>Finding owners willing to rent to HCV participants is another issue. The OHA will offer increased payment standards (up to 120% of the Fair Market Rent) for disabled participants who are having difficulty finding units within the regular payment standard.</p>

SECTION III

PROPOSED MTW ACTIVITIES

SECTION III – PROPOSED MTW ACTIVITIES

The OHA is not proposing any new activities for the FY2024.

SECTION IV
APPROVED MTW ACTIVITIES:
HUD APPROVAL PREVIOUSLY
GRANTED

SECTION IV - APPROVED MTW ACTIVITIES: HUD APPROVAL PREVIOUSLY GRANTED

A. Implemented Activities

Activity 1: \$225 Minimum Rent for Non-Elderly and Non-Disabled Households

Approval & Implementation Year: Activity 1 was first approved in FY2012. The phased-in implementation began in the Initial Demonstration Period. Activity 1 was reformed, re-proposed, and approved in FY2020. The phased-in implementation began in FY2020.

Description: The OHA implemented a self-sufficiency rent floor of \$225 for public housing and HCV households that are not elderly and not disabled. A referral to the MTW Resource Center, for these households not paying the minimum \$225 rent floor, was also implemented. The implementation of the \$225 rent floor provides hardship exceptions linked to self-sufficiency activities. The MTW Resource Center provides self-sufficiency services including, but not limited to, case management, needs assessments, employability counseling, and job referral/placement assistance services for a maximum of two years for each adult referred. Use of a computer lab, transportation (bus passes), and childcare assistance is provided to help participants secure and maintain employment. The OHA monitors the progress of households subject to the rent floor relative to accomplishing the goals identified in their self-sufficiency plan until sufficiency is reached. Residents and participants that are unable to pay the rent floor or attend the Resource Center may seek hardship relief.

In FY2020, the OHA re-proposed Activity 1. The OHA modified the activity from a \$225 rent floor to a \$225 minimum rent and added a minimum work requirement. Additional rent reform measures, such as the elimination of all household deductions and a standard utility allowance based on bedroom size, were also added to simplify rent calculations, increase revenue for the OHA, and encourage self-sufficiency amongst the residents and participants.

Status: Implemented. This new rent policy is being implemented over a period of three (3) years. New rents will be calculated at the full triennial recertification of each resident and participant beginning in the fall of 2019.

Planned Non-Significant Changes: None.

Planned Changes to Metrics/Data Collection: OHA does not anticipate changes to the metrics, baselines or benchmarks during the Plan year.

Planned Significant Changes: None.

Activity 2: Streamline the Recertification Process in the Public Housing and Housing Choice Voucher Programs

Approval & Implementation Year: Activity 2, in its current form, was approved in FY2015 (November 2014). The phased-in implementation began in FY2015.

Description: The OHA is streamlining the recertification process in the public housing and HCV programs by conducting recertification of all residents and participants every three years (triennial). This means that every three years, residents and participants will come into the office to conduct the traditional recertification with the exception of a modified 3rd party verification and \$25,000 asset disregard.

The streamlined recertification began in 2015. The OHA recertified one third of all residents and participants in FY2015, one-third in FY2016, and the last one-third in 2017. In 2018, the OHA recertified another one-third of its residents and participants. Thereafter, the OHA will continue implementing this activity by recertifying one third (1/3) of its full population each year.

In its FY2016 MTW Plan, the OHA received HUD approval to apply all aspects of this activity to NED, FUP, VASH and OHA Special Purpose vouchers. In FY2017, the OHA sought to modify this activity to add its Single Room Occupancy (SRO) voucher program, which was approved. The OHA applied this change in FY2018. Due to the extended recertification period, the OHA has created a local form 9886, Authorization for Release of Information. The local form captures the same information as the HUD form 9886 except that the resident/participant's consent for release of information will be extended from 15 months to 36 months as needed to update the resident/participant's data between each triennial recertification.

OHA Annual Online Updates

In the years when residents and participants do not have their scheduled recertification, they will have an annual online update. The OHA will use this as an opportunity to conduct an audit to review the household composition, tax return, and criminal background check. During the annual online update, the OHA will recalculate rent in the following circumstances:

1. If the total tenant payment (TTP) increases or decreases by \$100 or more
2. If the family size/household composition changes in such that a person with new income is added to the household
3. Hardships
4. Criminal background checks leading to termination
5. Reasonable Accommodations

OHA Elimination of Interim Recertifications

The OHA will continue to streamline the recertification process by eliminating interim recertification completely except for hardships, audits (including criminal background checks, change in family size/household composition¹), and reasonable accommodations for all residents and participants.

Flat Rent

The OHA public housing residents are granted the ability to choose the Flat Rent Option twice per year rather than annually. Elderly and disabled residents/participants with fixed incomes and flat rents will have a triennial reexamination only. They will not be subject to the annual online update.

Status: Implemented. Triennial recertifications are underway for both HCV and public housing. The HCV program now offers participants the option to go online or call to schedule an appointment with an eligibility specialist. Public Housing plans to offer residents the option to schedule appointments online or by phone but currently utilizes the traditional method of issuing appointment dates and times by mail. The OHA has added its Single Room Occupancy (SRO) voucher program to this activity. The triennial schedule remains the same.

The OHA has implemented annual online updates, which allows residents and participants to verify household composition, income and assets online. The updates include resident/participant submission of a personal declaration form, verification of IRS tax filing, and other documents. In FY 2023, OHA will have Kiosks available for residents to submit their documentation for recertifications.

Planned Non-Significant Changes: None.

Planned Changes to Metrics/Data Collection: The OHA does not anticipate changes to the metrics, baselines or benchmarks during the Plan year.

Planned Significant Changes: None.

Activity 6: Provide up to 50 One and Two-Bedroom Units and Supportive Services at West Oaks Apartments for up to 24 Months for Homeless Individuals

Approval & Implementation Year: Activity 6 was first approved in FY2012. The phased-in implementation began in September 2013.

Description: The OHA is providing up to 50 project-based vouchers for one- and two-bedroom units at West Oaks Apartments without a competitive process. This transitional housing will be available to agencies that commit to provide supportive services to homeless individuals for up to 24 months.

Status: Implemented. HUD has approved all 50 project-based vouchers to be used in coordination with homeless service providers. At the end of FY2021, 20 vouchers have been or were in use on a rotating basis, and the OHA projects having ten (10) project based vouchers in use by the end of FY2024. There isn't a waiting list for MTW units at West Oaks. The referrals are generated from our partners. When our partners refer someone and the person qualifies, we may or may not have a unit available and they must wait until we do. With the rent increase in Orlando we have very few unit vacancies per month. Our unit turns have dropped dramatically. We consider walk ins, Orange County Tenant Based Section 8, VASH Tenant Based Section 8, VASH PBV (5) and MTW when there are just a few units available each month. We make MTW and VASH PBV a priority, but when we have a lot of people in need of housing with very few vacancies. We also don't receive as many referrals from the housing partner partly due to their own internal turnover of counselors. As an example, we have only received 1 referral over the last six months. . During the period of lock downs and COVID restrictions a drop in numbers occurred and has not increased again as of yet.

Planned Non-Significant Changes: There are none.

Planned Changes to Metrics/Data Collection: OHA does not anticipate changes to the metrics, baselines or benchmarks during the Plan year

Planned Significant Changes: There are none.

Activity 8: Project-Based Vouchers in OHA Owned Units

Approval & Implementation Year: Activity 8 was first approved and the phased-in implementation began in FY2016.

Description: The OHA will project-base up to 20% of its available tenant-based section 8 vouchers at OHA owned units. HUD approved MTW flexibilities to allow the OHA to implement this activity without engaging in a competitive process. The OHA was also granted approval to conduct its own inspections and rent reasonableness functions.

The OHA is implementing its project-based voucher program at Jackson Court, Division Oaks, and West Oaks which are approved sites for the project-based voucher program. The vouchers at West Oaks will be in addition to the PBV vouchers discussed in Activity 6 (transitional housing for the homeless). Additionally, the OHA will build 41 (forty-one) homes on the undeveloped lots west of Westmoreland Drive at Carver Park. Five (5) of those homes will be sold at market rate, and the remaining 36 (thirty-six) homes will be project-base voucher rentals.

Status: Implemented. At the end of FY2021, 95 PBVs have been or were in use on a rotating basis at Jackson Court and Division Oaks. The OHA has yet to start development at Carver Park for the 36 PBVs. Although this activity contemplates that the OHA will develop new properties and/or acquire existing properties in which certain units will qualify for PBV, no additional properties are anticipated for this activity in FY2024.

Planned Non-Significant Changes: None.

Planned Changes to Metrics/Data Collection: The OHA does not anticipate changes to the metrics, baselines or benchmarks during the Plan year.

Planned Significant Changes: None.

Activity 9: Establishment of Agency-Wide \$100 Minimum Rent

Approval and Implementation Year: Activity 9 was first approved and implemented in FY2016. Activity 9 was reformed, re-proposed, and approved in FY2020. The phased-in implementation began in FY2020 and has been fully implemented.

Description: The OHA utilized its MTW flexibilities to establish a minimum rent that exceeds \$50 for both the public housing and HCV programs. The OHA established an agency-wide minimum rent of \$100 for public housing, HCV, TBRA, PBV, OHA Special Purpose vouchers, FUP, NED, Port-ins, and SRO. Each household shall pay rent of at least \$100 after the provision of utility allowances.

Only VASH participants and homeless participants of the OHA Homelessness Prevention Program (Activity 10) are exempt from the \$100 minimum rent. Participants with income pay a minimum rent of fifty dollars (\$50.00), and participants with zero income pay zero dollars (\$0.00).

In FY2020, the OHA received approval to further augment the \$100 minimum rent. To simplify rent calculations and increase revenue for the OHA, all household deductions were eliminated and each household is given a standard utility allowance based on bedroom size.

Status: Fully implemented. This new rent policy will be fully implemented over a period of three (3) years. New rents will be calculated at the full triennial recertification of each resident and participant beginning in the fall of 2019.

Planned Non-Significant Changes: None.

Planned Changes to Metrics/Data Collection: The OHA does not anticipate changes to the metrics, baselines or benchmarks during the Plan year.

Planned Significant Changes: None.

Activity 10: Tenant-Based Voucher Homelessness Prevention Program

Approval & Implementation Year: Activity 10 was first approved in FY2016. The phase in implementation began in FY2016 with the City of Orlando and the OHA executing a memorandum of understanding.

Description: The OHA and the City of Orlando are partnering to administer a voucher program to address chronic homelessness as a part of the 25 Cities Initiatives. The Orlando Veteran's Affairs Medical Center is also a participant. Chronic homelessness is defined as adults with a disabling condition who have been continuously homeless for at least one year or have had four episodes of homelessness in the past three years. The disabling condition(s) limits an individual's ability to work or perform one or more activities of daily living and is defined as a diagnosable substance use disorder, serious mental illness, developmental disability or chronic physical illness.

In this activity, the City of Orlando refers chronically homeless persons under case management to the OHA as an applicant. Once the applicant is confirmed eligible, the OHA then provides a tenant-based voucher, and the City of Orlando provides services. These vouchers were turn over vouchers not a new increment from HUD awarded vouchers. These referrals bypass the HCV wait list and other eligibility criteria. Approximately 150 vouchers were pledged to help chronically homeless persons identified by the City of Orlando through this activity. The City of Orlando no longer provided the case management agreed upon in the MOU. OHA will continue to help 42 families under this activity. HUD awarded 154 Emergency Housing Vouchers to OHA to provide rental assistance to homeless individuals/families. Therefore, OHA discontinued the City of Orlando Homeless Program in June 2021.

Emergency Housing Vouchers: OHA implemented the Emergency Housing Voucher Program with the Central Florida Homeless Services Network. 154 Emergency Housing Vouchers were awarded by HUD in May 2021.

Status: Implemented.

Planned Non-Significant Changes: Using the Emergency Housing Vouchers to replace the vouchers with the City of Orlando.

Planned Changes to Metrics/Data Collection: OHA does not anticipate changes to the metrics, baselines, or benchmarks during the Plan year.

Planned Significant Changes: None.

B. Not Yet Implemented

Activity 11: Project-Based Homeownership Program

Approval & Implementation Year: Activity 11 was first approved in FY2018. The phased-in implementation has yet to begin as planning is still underway.

Description: The Orlando Housing Authority is implementing a HCVP Project-Based Home Ownership Program, over a ten (10) year period, with up to 82 homeownership units to be developed at Carver Park.

The OHA partnering with the City of Orlando Community Redevelopment Agency (CRA) and other stakeholders to construct 41 homeownership units at Carver Park. The site will be mixed income with a combination of affordable and market rate homes. OHA seeks to provide monthly homeownership assistance to some of the affordable buyers. Below is the chart detailing the proposed plan.

CARVER PARK UNIT MIX			East of Westmoreland (42)	West of Westmoreland (41)	
Residential Type	# of Units	#Bed/Bath	Homeownership (H/O)	H/O	Rental
Single Family	3*	4/2	0	0	0
Single Family	8	3/2	6*	5	0

Rowhome	<u>20</u>	2/2	<u>0</u>	<u>0</u>	<u>20</u>
Total	83		42	5	36

* Completed Model Home

A preference for Carver Park homeownership opportunities will be offered to the following eligible households:

1. Households that relocated from Carver Court as a part of the Uniform Relocation Act
2. Current OHA public housing/Section 8 participants
3. Applicants on the OHA public housing and Section 8 waiting lists
4. Households currently living in the Parramore area (timeframe TBD)
5. Eligible OHA Employees - Excludes staff involved in the decision-making process and contractors/subcontractors that have any direct or indirect interest (24 CFR 982.161) in accordance with the general procurement standards (2 CFR 200.318)

While a preference for homeownership opportunities will be given to the abovementioned households, the OHA will consider other low-income households are ready for homeownership, in order to fulfill its commitment to the Carver Park community.

Status: The OHA will partner with the City of Orlando Community Redevelopment Agency to construct 41 units at Carver Park east of Westmoreland Avenue.

In November 2018, the OHA executed a Memorandum of Understanding (MOU) with the City of Orlando Community Reinvestment Authority (CRA) to complete the homeownership phase of the HOPE VI development east of Westmoreland Avenue. The MOU sets forth the general parameters for a formal agreement between the parties for construction and development of 41 homeownership units including between 13-19 homes affordable to low-income purchasers. The OHA will provide homeownership counseling to the affordable homebuyers through HUD Approved Counseling Agencies and may provide project-based vouchers (PBVs) in the form of mortgage subsidy or down- payment assistance.

The OHA and CRA will negotiate a formal agreement to finance the construction the completion of forty-one for sale homes east of Westmoreland Avenue. The CRA proposes to fund construction of 41 homes and provide substantial down-payment subsidy to between 13-19 affordable homebuyers. The OHA will build 41 (forty-one) units on the undeveloped lots west of Westmoreland Drive. Five (5) of those units will be for sale (market rate and affordable); the remaining 36 homes will be rental. A portion of the housing may be project-based voucher units.

Timeline: None as of yet. 2025 OHA anticipates construction of 41 units to start in 2024. This activity will be implemented upon completion of homes for affordable purchasers. OHA continues to negotiate a Term Sheet with the City of Orlando Community Redevelopment Authority (CRA). The Term Sheet will form the basis of formal Funding Agreement. The OHA and CRA are committed to implementation of this project.

Planned Non-Significant Changes: None.

Planned Significant Changes: None.

Activity 13: Streamlined Public Housing Inspections

Approval & Implementation Year: Activity 13 was first approved in FY2019. The phased-in implementation has yet to begin.

Description: The OHA is streamlining inspections by conducting public housing unit inspections, by tenant, every three years (triennial) in tandem with triennial recertifications. Triennial inspections will replace annual inspections, and the OHA will provide strategic preventive maintenance at all properties throughout each year. Randomly selected units will be chosen from the 2/3 of public housing populace that will not receive the triennial inspection that fiscal year, for inspection. Those inspections will include building exterior/systems and common areas at all public housing properties. When tenants move out, the OHA will continue to conduct inspections of those units. Also, the OHA will continue to comply with all HUD authorized inspections and conduct 100% pre-inspections at each selected site annually.

Status: Not yet implemented. No action has been due to the pandemic.

Timeline: None as of yet.

Planned Non-Significant Changes: None.

Planned Significant Changes: None.

C. On Hold

No activities.

D. Closed Out Activities

Activity 3: Streamline the Rent Calculation Process in the Public Housing & Housing Choice Voucher Programs

Approval and Implementation Year: Activity 3 was first approved in FY2012. Implementation of Activity 3 began in FY 2013.

Reason for Closing Out Activity: OHA combined activities 2 and 3. See section IV: Approved Activities.

Year Activity was Closed Out: FY 2015.

There are no HUD Metrics for this activity because this activity did not reach the data collection phase.

Activity 4: Consolidation of Inspection and Recertification Requirements to Establish an Inspection Process Based on Geographic Location

Approval and Implementation Year: Activity 4 was first approved in FY2012. Implementation of Activity 4 began in FY2013 with the inspection process based on geographic location.

Reason for Closing Out Activity: A key part of Activity 4 was to have a unified public housing and voucher inspection mechanism based on HQS standards. Activity 4 was closed out because HUD would continue to undertake UPCS public housing REAC inspections, thereby effectively causing the OHA also to use UPCS inspections for public housing. The OHA's basing of the inspection process on geographic location has been discontinued because inspection by geographic location would no longer efficient when the HQS standards could not be used for both public housing and section 8.

Year Activity was Closed Out: FY2014.

See FY2013 Report for the last activity 3 metrics.

Activity 5: Supporting up to 50 Homeowners for Six (6) Months Each by Providing Interim Financial Assistance (vouchers) and Counseling to Prevent Foreclosures

Approval & Implementation Year: Activity 5 was first approved in FY2012. The phased-in implementation began in FY2014.

Reason for Closing Out Activity: The climate for homeowners facing foreclosure had changed significantly from 2009, when this activity was first proposed. The OHA had identified a huge challenge in finding homeowners that will be "made whole" by providing six (6) months of financial assistance. Program revisions to provide a lump sum payment to the lender on behalf of an eligible program approved applicant to bring their mortgage loan current and move forward were not successful. The current households that met the eligibility requirements needed more money than the voucher program could offer.

Year Activity was Closed Out: FY2015.

See FY2014 Report for the last activity 5 metrics.

Activity 7: Use of Project-Based Vouchers and Other Resources to Develop Low-Income City Donated Property for Low-Income Elderly Housing, in Conjunction with the Redevelopment of Jackson Court/Division Oaks

Approval and Implementation Year: Activity 7 was first approved in FY2012.

Reason for Closing Out Activity: Activity 7 was closed out as it did not move beyond its planning stages. OHA and the City of Orlando unsuccessfully attempted to find land and funding for the redevelopment of Jackson Court/Division Oaks. Although OHA executed a Memorandum of Understanding with the Carver Theatre Developers (CTD), CTD's inability to procure construction financing prevented the activity from moving forward.

Year Activity was Closed Out: FY2014.

Activity 12: Tenant-Based Rental Assistance Program

Approval and Implementation Year: Activity 12 was first approved and implemented in FY2018.

Reason for Closing Out Activity: This activity was a program in which the OHA would provide funds for the first month's rent for homeless households and then receive a reimbursement from the City of Orlando. The OHA conducted a cost benefit analysis of this activity and concluded that the administrative burden of continuing this activity far outweighed the benefit to the community. The financial and human resources allocated to this activity could be better utilized elsewhere.

Year Activity was Closed Out: FY2018.

There are no HUD Metrics for this activity.

General

The OHA plans to reposition six of its properties: Griffin Park, Lake Mann, Lorna Doone, Murchison Terrace, Ivey Lane, and Reeves Terrace. This will entail relocation of the residents, demolition, and the redevelopment of the properties. The OHA plans to continue to address its health and safety needs at its public housing sites.

The OHA will continue to use Capital Funds in FY2024 to retrofit units to meet VCA/ADA/UFAS requirements at many of its properties.

ii. Description of Planned Use of MTW Funding Flexibility

Describe the Activities that Will Use Only MTW Single Fund Flexibility

In addition to the activities described above, OHA continues to use the MTW Single Fund Flexibility to support Uses of Funds A.

Use of Funds A: Comprehensive One-Stop Self-Sufficiency Resource Center

Use of Funds Action A is to provide a Comprehensive One-Stop Self-Sufficiency Resource Center. The MTW Resource Center is linked to MTW Activity 1 – Phase in the implementation of a self-sufficiency rent floor of \$225 for households that are not elderly and not disabled. The implementation of the rent floor includes a referral to the MTW Resource Center for non-elderly and non-disabled households not paying \$225 at the time the rent floor is implemented. This activity has been modified from a \$225 rent floor to a \$225 minimum rent for households that are not elderly and not disabled. The implementation of the minimum rent now includes a referral to the MTW Resource Center for non-elderly and non-disabled heads or co-heads of households that are not employed by April 1, 2020, not employed the minimum number of hours (28 hrs/wk or 20 hrs/wk if full-time student) or experiencing an employment related hardship.

The MTW Resource Center provides self-sufficiency services, including but not limited to, case management, needs assessments, employability counseling, and job referral/placement assistance services for a maximum of two years for each adult referred. Use of a computer lab, transportation (bus passes) and childcare assistance is provided to help participants secure and maintain employment. The OHA monitors the progress of households subject to the rent floor relative to accomplishing the goals identified in their self-sufficiency plan until self-sufficiency is reached.

In the past, the MTW Resource Center has partnered with a number of agencies to provide services to residents referred to the Resource Center. The Resource Center plans to continue to develop and foster relationships that will help the OHA's residents and participants become more self-sufficient.

The MTW Resource Center will continue to establish relationships with employers to facilitate job referrals and consequently strengthen and/or build economic self-sufficiency for the OHA participants and residents. In addition, the Resource Center will extend its partnership with CareerSource (formerly Work Force Center Florida) to bring employability workshops to the Ivey Lane Homes site using its mobile unit.

OHA estimates \$986,673 to be expensed for this endeavor.

The Orlando Housing Authority (OHA) has approximately \$13 million in HUD-held HCV reserves. OHA will continue to use about \$1 million per year to fund its MTW Resource Center. OHA also plans to use the remaining HHR funds for redevelopment of six of its properties that are scheduled for Section 18 demolition.

- Griffin Park- \$2.0 million
- Lake Mann Homes- \$2.0 million
- Lorna Doone Apartments- \$2.0 million
- Ivey Lane Apartments- \$2.0 million
- Murchison Terrace Apartments- \$2.0 million
- Reeves Terrace Apartments- \$2.0 million

B. Information regarding Public Comment Period

The MTW Plan will be made available for public review beginning Monday, September 19, 2022 through Thursday, October 20, 2022. The Public Hearing is scheduled for Thursday, October 20, 2022 at 2:00 p.m. at the OHA Administration Office, 390 N. Bumby Avenue, Orlando, Florida 32803.

The OHA will notify residents and the local community about the dates and time of the public hearing by placing ads in English in the Orlando Sentinel, Sanford Herald, and La Prensa (Spanish). Copies of the draft FY2024 MTW Plan will be made available at the Administrative offices of the OHA and SHA during the comment period.

The OHA will post this draft of the FY2024 Plan on its website to elicit comments from residents and the local community.

C. Evaluations of Demonstration Period

The OHA would benefit most from an evaluation that covers a larger scope of implemented MTW activities; however, OHA will need more time to determine whether the metrics that have been chosen are effective in evaluating the activities. Therefore, an evaluation at this time does not seem prudent in FY2024.

D. Lobbying Disclosures

Deputies arrest Deltona man accused of aggravated stalking of 6-year-old girl

Special to the Herald

A Deltona man is charged with aggravated stalking of a 6-year-old girl after his father and neighbors reported a long pattern of his harassing behavior toward her and others.

Mark Greenberg, 55, of Fernon Circle in Deltona, was taken into custody Saturday afternoon after Deltona officers obtained a warrant for his arrest.

The arrest followed a series of complaints from close to a dozen witnesses who have reported his behavior, including at least 13 incidents reported to the Sheriff's Office over the past 6 months. Those reports included Greenberg harassing neighbors, yelling at them and their kids using a megaphone, and driving past houses while recording children on his phone.

Deputies responded to Greenberg's neighborhood Friday evening after a father reported Greenberg walked to the end of his driveway and made several unusual comments to his 6-year-old daughter. The comments included words to the effect of "I'm going to make you famous" and "I'm going to turn you into a woman" or a "big girl."

Several witnesses gave similar accounts of Greenberg's comments to the child, including that he was going to pick her up and take her to Disney World.

The father told deputies this and prior incidents have caused his daughter afraid to go outside in the neighborhood. He said Greenberg's comments have been getting progressively worse and more frequent.

The 6-year-old often visits her grandmother's house in another neighborhood, where it was reported Greenberg parked outside Thursday and Friday and took pictures. Because he's never been invited there and had no reason to know where the home, the family believed Greenberg followed someone there.

Deputies attempted to speak to Greenberg Friday evening, but he refused to answer the door and said he would talk another day.

After obtaining a warrant, deputies with the Deltona Crime Suppression Team returned Saturday and arrested Greenberg without incident. He was transported to the Volusia County Branch Jail, where he is currently in custody on a \$10,000 bond.

PET OF THE WEEK: Bellatrix

Photo credit: @deltonacounty Animal Services
Bellatrix is ready for a new home...in 4 years? She came in as a stray 8 months ago. She is 4 years old and a very sweet, cute dog. She loves all people and is silly and playful. The shelter updated all her vaccines, she is heartworm negative, spayed and microchipped. Bellatrix is a perfect 55 pound! Come meet Bellatrix and all her friends and see if any of them can work their way into your heart and home. Animal Services is running an adoption special so all cat adoption fees are only \$50 if the cat is over 6 months old and dogs over 6 months are only \$50. This special runs through September 11. So with her special Bellatrix adoption fee is only \$20. But having Bella by your side will be priceless if you would like to meet Bellatrix her animal number is 4482932. Adoption is from 10 a.m. to 4 p.m. Monday through Saturday with extended hours on Wednesday until 8:30 a.m., so stop by and meet all our dogs and cats. If you want to see all other available dogs and cats go to www.deltonacounty.gov/animal-services. Seminole County Animal Services is located at 232 Esting Highway Sanford, Fla. For info call 407-940-3200.

Local Asset Management Program

As part of the Orlando Housing Authority's Amended and Restated Moving to Work Agreement, effective January 7, 2011, OHA has designed and implemented its Local Asset Management Program. The OHA is going to continue to implement its local asset management program for its Public Housing Program and describe such program in its Annual MTW Plan. The term "Public Housing Program" means the operation of properties owned or subsidized by the Agency that are required by the U.S. Housing Act of 1937. The Agency's local asset management program includes a description of how it is implementing project-based property management, budgeting, accounting, and financial management and any deviations from HUD's asset management requirements. The OHA describes its cost accounting plan (cost allocation plan) as part of its local asset management program.

The OHA maintains a project-based management approach which includes both the OHA-managed properties and its privately managed properties, under the Public Housing Program. Project-level budgeting and accounting is maintained for each of these Public Housing properties. In addition, mixed-finance rental community that contains Agency-assisted units under the Public Housing Program are owned, managed and operated by third party partnerships.

The OHA has developed its program to ensure that accounting and financial reporting methods comply with 2 CFR Part 200, Subpart E regarding cost allocations, 2 CFR Part 200, Subpart F regarding audit requirements, and accepted accounting practices (GAAP).

OHA's Public Housing Program's local asset management plan applies the following principles related to program costs:

- Costs incurred are deemed reasonable and consistent with the amended Moving to Work Agreement.
 - Costs shall be accorded consistent treatment.
 - Costs shall be determined in accordance with GAAP.
 - Costs are documented.
 - OHA will report results according to HUD MTW guidelines.
- 1) Budgeting and accounting - Operating budgets are developed and maintained annually at the property level. The groupings of like properties in a geographic location are called Asset Management Properties (AMPs). The related accounting activities are maintained at that level as well.
 - 2) Financial management - Financial reporting and analysis is performed and monitored on a monthly basis, at the property level. Financial reporting requirements are in accordance with the amended Moving to Work Agreement as well as 2 CFR Part 200, Subpart E.
 - 3) Cost Allocation Approach - OHA's Amended and Restated Moving to Work Agreement identifies either a "cost allocation" or "fee-for-service" option. OHA utilizes the cost allocation method. OHA is in keeping with 24 CFR 990 and uses property level management, accounting, and budgeting and has established a Central Office Cost Center (COCC). The costs of the COCC are allocated not only to Public Housing, but to the other programs managed by OHA

All direct and indirect costs are charged to the AMPs in accordance with 2 CFR Part 200, Subpart E. A cost may

be direct with respect to some specific service or function, but indirect with respect to the final cost objective. Direct costs associated with project activities are allocated to the specific properties receiving the benefit of the expenditure. Direct and indirect costs associated with the COCC are allocated on a reasonable basis and, if allocated to public housing properties, are substantially done using a project unit distribution basis.

The OHA has developed this program to ensure that accounting and financial reporting methods comply with 2 CFR Part 200, Subpart E regarding cost allocations, 2 CFR Part 200, Subpart F regarding audit requirements, and accepted accounting practices (GAAP).

Cost Allocation Plan

Under the MTW Agreement, the cost accounting options available to the Agency include either a “cost allocation” or “fee-for-service” methodology. The OHA approached its cost allocation plan with consideration to the entire operation of the Agency including the MTW Program. This cost allocation plan addresses the larger OHA operation as well as the specific information related to the MTW Program.

Difference

The OHA has the ability to define direct costs differently than the standard definitions published in HUD’s Financial Management Guidebook pertaining to the implementation of 24 CFR Part 990.

The OHA is required to describe any differences between the Agency’s Local Asset Management Program and HUD’s asset management requirements in its Annual MTW Plan in order to facilitate the recording of actual property costs and submission of such cost information to HUD.

The OHA determined to implement a cost allocation system that allocates COCC costs to all agency-wide programs. HUD’s Asset Management System focuses primarily on allocating costs to the Asset Management Properties (AMPs) and necessarily to other programs. This Cost Allocation Plan addresses the entire the OHA operation.
