Examples of impermissible disclosures include: 1) information regarding any applicant's relative standing; 2) the amount of assistance requested by any applicant; and 3) any information contained in the application. Prior to the application deadline, HUD may not disclose the identity of any applicant or the number of applicants that have applied for assistance.

#### I. FUNDING OPPORTUNITY DESCRIPTION

#### A. Program Description

#### 1. Purpose

Through this NOFO, the Department of Housing and Urban Development (HUD) is announcing the availability of \$1,000,000 for the research project titled "Closing the Homeownership Gap and Preserving Homeownership During Economic Decline." HUD may fund more than one award from the funds available under this NOFO. The objective of the NOFO is to fund rigorous evaluations of (a) the factors that contribute to the gaps in homeownership rates among different demographic groups, and the effect of public policies and other initiatives (including private or philanthropic efforts) on addressing these gaps, and (b) how homeownership can be preserved during economic decline including the effects of related public policies and other initiatives (including private or philanthropic efforts on achieving preservation goals). Proposals may address either or both these topics. The research funded under this NOFO will advance scientific knowledge and produce policy-relevant evidence on homeownership gaps and may inform the development of future approaches to help communities of color and other underserved communities achieve more equitable homeownership rates.

## **Background**

Homeownership is often viewed as the entry to the American dream and the gateway to intergenerational wealth. However, this pathway is often less achievable for underserved groups who post a lower homeownership rate than non-underserved families (Ray, et al. 2021). These homeownership gaps have contributed to lower median family wealth for disadvantaged groups. Because wealth (as measured by the total amount of assets a person owns minus debts) is a critical predictor of education, health, employment, and other quality of life metrics, a strategy to address the homeownership gap can have positive effects beyond just housing itself.

This NOFO is focused on providing greater analysis and research on critical aspects of the homeownership gap, including residential patterns of undeserved groups/communities and the causes of ethnic/racial/gender/age/other disparities and obstacles to homeownership among these groups. The neighborhoods where homebuyers purchase their homes contribute to their home's worth and its chance of appreciation over time, which has important implications for the long-term financial returns associated with homeownership. Despite some progress in achieving integration, weaknesses in fair housing enforcement have undermined the ability of the Fair Housing Act to dismantle segregation and combat discrimination. The forms of discrimination that were common in the past such as segregation by design or edict, including redlining, have shifted over time, and housing discrimination—along with persisting residential segregation—continue to hamper disadvantaged homebuyers' ability to build equity. Home mortgage borrowers in underserved groups and communities remain concentrated in residentially segregated areas where homes have failed to appreciate at the same pace as those in neighborhoods where non-disadvantaged borrowers predominantly buy their homes.

A common measure of the extent to which disadvantaged residents are segregated from other groups in cities is the index of dissimilarity. The dissimilarity index represents the percentage of one of the two groups included in the analysis that would have to move in order to achieve more equitable distribution within smaller geographic units that match the composition of the entire city. Minority residents are extremely segregated from the rest of the population in many major cities, e.g., Detroit, Baltimore, Cleveland, and Atlanta. In Atlanta, the city with the highest levels of segregation, almost 70% of minority residents would have to move to new Census tracts to produce a uniform geographic distribution.

Racial economic inequality in the United States is primarily the result of unequal investments among communities. Estimates showing the percentage of unbanked or underbanked populations in the U.S. for different racial and ethnic groups often highlight inequalities in the financial health of their neighborhoods (FDIC, 2021). The percentage of blacks (46%) who are unbanked or underbanked alone is over three times the percentage of whites (14%) who experience the same struggle. Thirty-two percent of Hispanics are also either un- or under- banked.

This overview provides a general overall look at the role of segregation, discrimination, and racism in the housing market, as well as the consequences for educational attainment and wealth accumulation for persons of color and others in underserved communities, and points to the need for further research and assessment of potential policy responses.

### **Research Objectives and Priorities**

The objective of this NOFO is to fund research projects that can assess the extent of the homeownership gaps between minorities and majority homeowners; to evaluate the barriers to homeownership facing minorities; and to assess the threats that economic decline pose for homeownership preservation, including public and private responses to these threats. Research could include renters seeking or considering homeownership, new homebuyers, or existing homeowners. Barriers can include mortgage lending discrimination by lenders, disparate outcomes from lending to different applicant demographic groups as well as credit history and collateral requirements that can disadvantage nonwhite applicants. Furthermore, many minority renters could be homeowners if they were not facing financial and discriminatory barriers to acquiring a home. Closing the homeownership gaps requires identifying the factors that prevent renters of color and others in underserved groups from becoming homeowners.

The study may be longitudinal or a cross-sectional at borrower level. It could also focus on specific areas or cities where the problem is especially acute or localities that have taken steps toward ameliorating the homeownership gap. Evaluating the effect of various policies and programs, local or national, public or private in addressing the issue is an important topic for this NOFO.

The emphasis would be on a quantitative study, but a qualitative approach could be a useful supplement. Data could be loan- or home-level as well as locality-level. Multiple sources of data could be employed.

#### **Additional Research Considerations**

HUD intends to fund proposals that use rigorous methods to measure the extent, causes, and impact of homeownership gaps and explore the effect of economic decline on homeownership preservation. The proposal should discuss how the applicants plan to control other factors that affect homeownership rates, such as federal and local regulations, access to financing and policies, and familiarity of customers with mortgage shopping and other aspects of home acquisition. The proposal may need to identify a plan to control applicant bias (self-selection), regional housing costs, and household demographics.

Proposals can be limited to a set of jurisdictions, but the applicant must demonstrate that the proposed jurisdictions are sufficient for a robust analysis, with sufficient data points to allow for robust statistical power, and for the establishment of a counterfactual. The study should describe

the method and design specification for estimating the relevant counterfactual outcomes. Applicants are expected to demonstrate that they have or will likely have access to homeownership rates data and other relevant data points included in the study. Applicants should discuss their experience using the proposed data and matching it to other data sources. Applicants should discuss any additional data sources that will be included in the study and the feasibility of obtaining the data. Applicants shall identify major methodological issues and data limitations and ways the study will address them.

HUD will not prescribe specific information collection approaches, protocols, or instruments. Any information collection efforts conducted by a grantee to address the NOFO objectives will not be subject to the Paperwork Reduction Act.

## **Eligible Activities**

Eligible activities include all research and project management activities that contribute to meeting the NOFO objectives and research needs at a high-quality level, and specifically to complete the funded research. Eligible activities include, but are not necessarily limited to the following:

- Defining the research steps from the articulation of research questions (including literature review) through the development of research design, data collection and analysis plans, to the analysis of data, and finally including the writing of publication-quality research reports and formal presentations and briefings on findings.
- Regular communication with HUD staff on all project deliverables, as required by HUD's substantial involvement under the cooperative agreement.
- Consulting with experts on any aspect of the research as needed to bring expertise to enhance the research team's knowledge in critical areas.
- Project management activities, including required project management tools (Opening Meeting, Management and Work Plan and Budget, Quality Control Plan, and Quarterly Progress Reports) and regular communication with HUD staff for monitoring purposes.
- Data acquisition costs.
- Dissemination of research findings through seminars, presentations, worships, etc.

#### **Project Deliverables**

HUD's Cooperative Agreements require certain deliverables as part of the project management system, including the following: (1) an Opening meeting with HUD; (2) a Management and Work Plan providing a detailed outline of specific tasks, a project timeline, staffing and management responsibilities, and the allocation of resources; (3) a Quality Control Plan that documents all necessary measures taken by the Awardee to assure that the quality of end products of service shall meet the requirements outlined in the Cooperative Agreement; and (4) Quarterly Progress Reports. Please note that the Management and Work Plan is the document that will govern HUD's monitoring of project activities.

Project deliverables shall also include the following documents, each of which shall be approved by the Government Technical Representative assigned to the project:

1. <u>Research Design, Data Collection and Analysis Plan (RD/DCAP)</u>: The Research Design will serve as a technical blueprint for all research activities undertaken to address research objectives. The Data Collection and Analysis Plan will provide details on the

- data sources, the types of analytic methods that will be used, and the schedule for accomplishing these tasks. The RD/DCAP must demonstrate how the analysis plan will address the research questions and hypotheses proposed.
- 2. <u>Interim Report</u>: The Interim Report will be released near the midpoint of the project and provide a summary of the project up to that point. The Interim Report should be considered an opportunity to evaluate the state of the project.
- 3. <u>Draft and Final Report</u>: The Final Report must summarize the work conducted over the course of the project, and present the study objectives, data sources, analysis methods, and results. The Final Report is the key deliverable of the study and must serve as a stand-alone document that meets the overall objective of this project. The Final Report should be edited and prepared for publication in accordance with <u>HUD's Guidelines for Preparing a Report for Publication</u>.
- 4. <u>Briefings to HUD</u>: Awardees will be asked to provide briefings to HUD near the midpoint of their project and after the Final Report is submitted.
- 5. <u>Data Files</u>. Awardees must submit individual or aggregate data files and documentation, including code and syntax, such that HUD or HUD contractors would be able to conduct a meta-analysis integrating the findings from different impact studies.

HUD staff will work closely with grantees to define deliverables. Final work products shall be well-written, and the final research report must be of publishable quality and shall conform to HUD's formatting requirements. HUD intends to publish the final research report on HUD's website, HUD USER, at <a href="https://www.huduser.gov/portal/home.html">https://www.huduser.gov/portal/home.html</a>.

#### 4. Definitions

#### a. Standard Definitions

Affirmatively Furthering Fair Housing (AFFH) means taking meaningful actions, in addition to combating discrimination to overcome patterns of segregation and foster inclusive communities free from barriers that restrict access to opportunity based on protected characteristics. Specifically, affirmatively furthering fair housing means taking meaningful actions that, taken together, address significant disparities in housing needs and in access to opportunities, replacing segregated living patterns with truly integrated and balanced living patterns, transforming racially and ethnically concentrated areas of poverty into areas of opportunity, and fostering and maintaining compliance with civil rights and fair housing laws. The duty to affirmatively further fair housing extends to all program participant's activities and programs relating to housing and urban development.

Assistance Listing number refers to the unique number assigned to each Federal assistance program publicly available in the Assistance Listing, which is managed and administered by the General Services Administration. The Assistance Listing number was formerly known as the Catalog of Federal Domestic Assistance (CFDA) number.

**Authorized Organization Representative (AOR)** is a person authorized to legally bind your organization and submit applications via Grants.gov. The AOR is authorized by the E-Business Point of Contact (E-Biz POC) in the System for Award Management (see E-Biz POC definition). An AOR may include an Expanded AOR and/or a Standard AOR.

**Expanded Authorized Organization Representative** is a user in Grants.gov who is authorized by the E-Biz POC to perform the functions of a Standard AOR, initiate and submit applications on behalf of your organization, and is allowed to modify organization-level settings and certifications in Grants.gov.

**Standard Authorized Organization Representative** is a user in Grants.gov who is authorized by the E-Biz POC to initiate and submit applications in Grants.gov. A Grants.gov user with the Standard AOR role can only submit applications when they are a Participant for that workspace.

Consolidated Plan is the document submitted to HUD that serves as the comprehensive housing affordability strategy, community development plan, and submission for funding under any of the Community Planning and Development formula grant programs (e.g., CDBG, ESG, HOME, and HOPWA). This Plan is prepared in accordance with the process described in 24 CFR part 91. This plan is completed by engaging in a participatory process to assess their affordable housing and community development needs and market conditions, and to make data-driven, place-based investment decisions with funding from formula grant programs. (See 24 CFR part 91 for HUD's requirements regarding the Consolidated Plan and related Action Plan).

**Contract** means, for the purpose of Federal financial assistance, a legal instrument by which a recipient or subrecipient purchases property or services needed to carry out the project or program under a federal award. For additional information on contractor and subrecipient determinations, see <u>2 CFR 200.331</u>.

**Contractor** means an entity that receives a contract as defined above and in 2 CFR 200.1.

**Cooperative agreement** has the same meaning defined at 2 CFR 200.1.

**Deficiency**, with respect to the making of an application for funding, is information missing or omitted within a submitted application. Examples of deficiencies include missing documents, missing or incomplete information on a form, or some other type of unsatisfied information requirement. Depending on specific criteria, a deficiency may be either Curable or Non-Curable.

A Curable Deficiency is missing or incomplete application information that may be corrected by the applicant with timely action. To be curable, the deficiency must:

- Not be a threshold requirement, except for documentation of applicant eligibility;
- Not influence how an applicant is ranked or scored versus other applicants; and
- Be remedied within the time frame specified in the notice of deficiency.

A Non-Curable Deficiency is missing or incomplete application information that cannot be corrected by an applicant after the submission deadline. A non-curable deficiency is a deficiency that is a threshold requirement, or a deficiency that, if corrected, would change an applicant's score or rank versus other applicants. If an application includes a non-curable deficiency, the application may receive an ineligible determination, or the non-curable deficiency may otherwise adversely affect the application's score and final funding determination.

**E-Business Point of Contact** (**E-Biz POC**) is an organization applicant who is responsible for the administration and management of grant activities for his or her organization. The E-Biz POC is likely to be an organization's chief financial officer or authorizing official. The E-Biz POC authorizes representatives of their organization to apply on behalf of the organization (see Authorized Organization Representative definition). There can only be one E-Biz POC per unique entity identifier (see definition of Unique Entity Identifier below).

**Eligibility requirements** are mandatory requirements for an application to be eligible for funding.

Environmental Justice means investing in environmental improvements, remedying past environmental inequities, and otherwise developing, implementing, and enforcing laws and policies in a manner that advances environmental equity and provides meaningful involvement for people and communities that have been environmentally underserved or overburdened, such as Black and Brown communities, indigenous groups, and individuals with disabilities. This definition does not alter the requirements under HUD's regulations at 24 CFR 58.5(j) and 24 CFR 50.4(l) implementing Executive Order 12898. E.O. 12898 requires a consideration of how federally assisted projects may have disproportionately high and adverse human health or environmental effects on minority and/or low-income populations. For additional information on environmental review compliance, refer to:

 $\underline{https://www.hud.gov/program\_offices/comm\_planning/environment\_energy/regulations}.$ 

**Equity** has the meaning given to that term in Section 2(a) of Executive Order 13985 and means the consistent and systematic fair, just, and impartial treatment of all individuals, including individuals who belong to underserved communities that have been denied such treatment, such as Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color; members of religious minorities; lesbian, gay, bisexual,

transgender, and queer (LGBTQ+) persons; persons with disabilities; persons who live in rural areas; and persons otherwise adversely affected by persistent poverty or inequality.

**Federal Award**, has the meaning, depending on the context, in either paragraphs (1) or (2) of this definition:

(1)

- (a) The Federal financial assistance that a recipient receives directly from a Federal awarding agency or a subrecipient receives indirectly from a pass-through entity, as described in 2 CFR 200.101; or
- (b) The cost-reimbursement contract under the Federal Acquisition Regulations that a non-Federal entity receives directly from a federal awarding agency or indirectly from a pass- through entity, as described in <u>2 CFR 200.101</u>.
- (2) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (2) of the definitions of Federal financial assistance in <u>2 CFR 200.1</u>, and this NOFO, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.
- (3) Federal award does not include other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal Government owned, contractor operated facilities (GOCOs).
- (4) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement in <u>2 CFR 200.1</u>.

**Federal Financial Assistance** has the same meaning defined at 2 CFR 200.1.

**Grants.gov** is the website serving as the Federal government's central portal for searching and applying for Federal financial assistance throughout the Federal government. Registration on Grants.gov is required for submission of applications to prospective agencies unless otherwise specified in this NOFO.

**Historically Black Colleges and Universities (HBCUs)** are any historically Black college or university that was established prior to 1964, whose principal mission was, and is, the education of Black Americans, and that is accredited by a nationally recognized accrediting agency or association determined by the Secretary of Education to be a reliable authority as to the quality of training offered or is, according to such an agency or association, making reasonable progress toward accreditation. A list of accredited HBCUs can be found at the U.S. Department of Education's website.

#### **Minority-Serving Institutions (MSIs)** are

- (1) a part B institution (as defined in 20 U.S.C. 1061);
- (2) a Hispanic-serving institution (as defined in 20 U.S.C. 1101a(a)(5));
- (3) a Tribal College or University (as defined in 20 U.S.C. 1059c);
- (4) an Alaska Native-serving institution or a Native Hawaiian-serving institution (as defined in 20 U.S.C. 1059d(b));
- (5) a Predominantly Black Institution (as defined in 20 U.S.C. 1059e);

- (6) an Asian American and Native American Pacific Islander-serving institution (as defined in 20 U.S.C. 1059g); or
- (7) a Native American-serving nontribal institution (as defined in 20 U.S.C. 1059f).

**Non-Federal Entity (NFE)** means a state, local government, Indian tribe, Institution of Higher Education (IHE), or non-profit organization that carries out a federal award as a recipient or subrecipient.

**Primary Point of Contact (PPOC)** is the person who may be contacted with questions about the application submitted by the AOR. The PPOC is listed in item 8F on the SF-424.

**Racial Equity** is the elimination of racial disparities, and is achieved when race can no longer predict opportunities, distribution of resources, or outcomes – particularly for Black and Brown persons, which includes Black, Latino, indigenous, Native American, Asian, Pacific Islander, and other persons of color.

**Recipient** means an entity, usually but not limited to non-Federal entities, that receives a federal award directly from HUD. The term recipient does not include subrecipients or individuals that are beneficiaries of the award.

**Resilience** is a community's ability to minimize damage and recover quickly from extreme events and changing conditions.

**Small business** is defined as a privately-owned corporation, partnership, or sole proprietorship that has fewer employees and less annual revenue than regular-sized business. The definition of "small"—in terms of being able to apply for government support and qualify for preferential tax policy—varies by country and industry. The U.S. Small Business Administration defines a small business according to a set of standards based on specific industries. See <u>13 CFR Part 121</u>.

**Subaward** means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

**Subrecipient** means an entity, usually but not limited to non-Federal entities, that receives a subaward from a pass-through entity to carry out part of a federal award but does not include an individual that is a beneficiary of such award. A subrecipient may also be a recipient of other federal awards directly from a federal awarding agency.

**System for Award Management (SAM)** is the Federal Repository into which an entity must provide information required for the conduct of business as a recipient. Registration with SAM is required for submission of applications via Grants.gov. You can access the website at <a href="https://www.sam.gov/SAM/">https://www.sam.gov/SAM/</a>. There is no cost to use SAM.

**Threshold Requirements** are eligibility requirements that must be met for an application to be reviewed, rated, and ranked. Threshold requirements are not curable, except for documentation of applicant eligibility, which are listed in Section III.D., Threshold Eligibility Requirements. Similarly, there are eligibility requirements under Section III.E., Statutory and Regulatory Requirements Affecting Eligibility.

**Underserved Communities** has the meaning given to that term in Section 2(b) of Executive Order 13985 and refers to populations sharing a particular characteristic, as well as geographic communities, that have been systematically denied a full opportunity to participate in aspects of economic, social, and civic life, as exemplified by the list in the definition of "equity" above.

**Unique Entity Identifier (UEI)** means the identifier assigned by SAM to uniquely identify business entities. As of April 4, 2022, the Federal government has transitioned from the use of the DUNS Number to the use of UEI, as the primary means of entity identification for Federal awards government-wide.

#### C. System for Award Management (SAM) and Unique Entity Identifier (UEI)

#### 1. SAM Registration Requirement

You must register with <a href="https://www.sam.gov/before">https://www.sam.gov/before</a> submitting their application. You must maintain current information in SAM on immediate and highest-level owner and subsidiaries, as well as on all predecessors that have been awarded a federal contract or grant within the last three years, if applicable. Information in SAM must be current for all times during which you have an active Federal award or an application or plan under consideration by HUD.

### 2. UEI Requirement

As of April 4, 2022, entities doing business with the federal government must use the UEI created in SAM.gov. Also, you must provide a valid UEI, registered and active at <a href="www.sam.gov/">www.sam.gov/</a> in the application. For more information, see: <a href="https://www.gsa.gov/about-us/organization/federal-acquisition-service/office-of-systems-management/integrated-award-environment-iae/iae-systems-information-kit/unique-entity-identifier-update.

## 3. Requirement to Register with Grants.gov

Anyone planning to submit applications on behalf of an organization must register at Grants.gov and be approved by the E-Biz POC in SAM to submit applications for the organization. Registration for SAM and Grants.gov is a multi-step process and can take four (4) weeks or

longer to complete if data issues arise. Applicants without a valid registration cannot apply through Grants.gov. Complete registration instructions and guidance are provided on Grants.gov.

## **D.** Application Submission Dates and Times

#### 1. Application Due Date Explanation

The application deadline is 11:59:59 PM Eastern time on

07/24/2023

Submit your application to Grants.gov unless a waiver has been issued allowing you to submit a paper application. Instructions for submitting your paper application will be contained in the waiver of electronic submission.

"Received by Grants.gov" means the applicant received a confirmation of receipt and an application tracking number from Grants.gov. Grants.gov then assigns an application tracking number and date-and timestamp each application upon successful receipt by the Grants.gov system. A submission attempt not resulting in confirmation of receipt and an application tracking number is not considered received by Grants.gov.

Applications received by Grants.gov must be validated by Grants.gov to be received by HUD.

"Validated by Grants.gov" means the application has been accepted and was not rejected with errors. You can track the status of your application by logging into Grants.gov, selecting "Applicants" from the top navigation, and selecting "Track my application" from the dropdown list. If the application status is "rejected with errors," you must correct the error(s) and resubmit the application before the 24-hour grace period ends. Applications in "rejected with errors" status after the 24-hour grace period expires will not be received by HUD. Visit Grants.gov for a complete description of processing steps after applying.

HUD strongly recommends you submit your applications at least **48 hours before the deadline** and during regular business hours to allow enough time to correct errors or overcome other problems.

## 2. Grants.gov Customer Support

Grants.gov provides customer support information on its website at <a href="https://www.grants.gov/web/grants/support.html">https://www.grants.gov/web/grants/support.html</a>. If you have difficulty accessing the application and instructions or have technical problems, contact Grants.gov customer support center by calling (800) 518-GRANTS (this is a toll-free number) or by sending an email to <a href="mailtosupport@grants.gov">support@grants.gov</a>. The customer support center is open 24 hours a day, seven days per week, except Federal holidays. Individuals who are deaf or hard of hearing, or who have speech and other communication disabilities may use a relay service to reach Grants.gov Customer Support. To learn more about how to make an accessible telephone call, visit the <a href="webpage for Federal Communications Commission">webpage for Federal Communications Commission</a>.

#### 3. Grants.gov Application Submission

You can verify the contents of your submitted application to confirm Grants.gov received everything you intended to submit. To verify the contents of your submitted application:

• Log in to Grants.gov.

- Click the Check Application Status link, which appears under the Grant Applications heading in the Applicant Center page. This will take you to the Check Application Status page.
- Enter search criteria and a date range to narrow your search results.
- Click the Search button. To review your search results in Microsoft Excel, click the Export Data button.
- Review the Status column. To view more detailed submission information, click the Details link in the Actions column.
- To download the submitted application, click the Download link in the Actions column.

Take note of the Grants.gov tracking number, as it is needed by the Grants.gov customer support center should you seek their assistance.

HUD may extend the application deadline for any program if Grants.gov is offline or not available to applicants for at least 24 hours immediately prior to the deadline date, or the system is down for 24 hours or longer and impacts the ability of applicants to cure a submission deficiency within the grace period.

HUD may also extend the application deadline upon request if there is a presidentially declared disaster in the applicant's area.

If these events occur, HUD will post a notice on its website establishing the new, extended deadline for the affected applicants. HUD will also publish the extension on Grants.gov.

In determining whether to grant a request for an extension based on a presidentially declared disaster, HUD will consider the totality of the circumstances including the date of an applicant's extension request (how closely it followed the basis for the extension), whether other applicants in the geographic area are similarly affected by the disaster, and how quickly power or services are restored to enable the applicant to submit its application.

**NOTE:** Busy servers, slow processing, large file sizes, improper registration

or password issues are not valid circumstances to extend the deadline dates or the grace period.

## 4. Amending or Resubmitting an Application

Before the submission deadline, you may amend a validated application through Grants.gov by resubmitting a revised application containing the new or changed material. The resubmitted application must be received and validated by Grants.gov by the applicable deadline.

If HUD receives an original and a revised application for a single proposal, HUD will evaluate only the last submission received by Grants.gov before the deadline.

#### 5. Grace Period for Grants.gov Submissions

If your application is received by Grants.gov before the deadline, but is rejected with errors, you have a grace period of 24 hours after the application deadline to submit a corrected, received, and validated application through Grants.gov. The date and time stamp on the Grants.gov system determines the application receipt time. Any application submitted during the grace period but not received and validated by Grants.gov will not be considered for funding. There is no grace period for paper applications.

#### 6. Late Applications

An application received after the NOFO deadline date that does not meet the Grace Period requirements will be marked late and will not be reviewed by HUD for funding

consideration. Improper or expired registration and password issues are not sufficient causes to allow HUD to accept applications after the deadline date.

## 7. Corrections to Deficient Applications

HUD will not consider information from applicants after the application deadline except for curable deficiencies.

HUD will uniformly notify applicants of each curable deficiency. See curable deficiency definition in section I.A of this NOFO. Examples of curable (correctable) deficiencies include inconsistencies in the funding request and failure to submit required certifications. These examples are non-exhaustive.

When HUD identifies a curable deficiency, HUD will notify the authorized organization representative identified on the SF-424 Application for Federal Assistance via email. This email is the official notification of a curable deficiency.

You must email corrections of Curable Deficiencies to <a href="mailto:applicationsupport@hud.gov">applicationsupport@hud.gov</a> within the time limits specified in the notification. The time allowed to correct deficiencies will be no less than 48 hours and no more than 14 calendar days from the date of the email notification. The start of the cure period will be the date stamp on the email sent from HUD. If the deficiency cure deadline date falls on a Saturday, Sunday, Federal holiday, or on a day when HUD's Headquarters are closed, then the applicant's correction must be received on the next business day HUD Headquarters offices in Washington, DC are open.

The subject line of the email sent to <a href="mailto:applicationsupport@hud.gov">applicationsupport@hud.gov</a> must state: Technical Cure and include the Grants.gov application tracking number or the GrantSolutions application number (e.g., Subject: Technical Cure - GRANT123456 or Technical Cure - XXXXXXXXXXXXXX). If this information is not included, HUD cannot match the response with the application under review and the application may be rejected due to the deficiency.

Corrections to a paper application must be sent in accordance with and to the address indicated in the notification of deficiency. HUD will treat a paper application submitted in accordance with a waiver of electronic application containing the wrong UEI as having a curable deficiency. Failure to correct the deficiency and meet the requirement to have a UEI and active registration in SAM will render the application ineligible for funding.

#### 8. Authoritative Versions of HUD NOFOs

The version of this NOFO posted on Grants.gov includes the official documents HUD uses to solicit applications.

#### 9. Exemptions

Parties that believe the requirements of the NOFO would impose a substantial burden on the exercise of their religion should seek an exemption under the <u>Religious Freedom Restoration Act</u> (RFRA).

## E. Intergovernmental Review

This program is not subject to <u>Executive Order 12372</u>, <u>Intergovernmental Review of Federal Programs</u>.

## F. Funding Restrictions

An organization may not conduct research or an evaluation of itself. HUD will determine whether the salary rates are reasonable, customary for the skill set provided and the tasks to be conducted, and in accordance with federal legal requirements.

#### **Indirect Cost Rate**

Normal indirect cost rules under 2 CFR part 200, subpart E apply. If you intend to charge indirect costs to your award, your application must clearly state the rate and distribution base you intend to use. If you have a Federally negotiated indirect cost rate, your application must also include a letter or other documentation from the cognizant agency showing the approved rate. Successful applicants whose rate changes after the application deadline must submit the new rate and documentation to assure the award agreement incorporates the applicable rate.

Applicants other than state and local governments. If you have a Federally negotiated indirect cost rate, your application must clearly state the approved rate and distribution base and must include a letter or other documentation from the cognizant agency showing the approved rate. If your organization does not have a current negotiated rate (including provisional rate) and elects to use the de minimis rate, your application must clearly state you intend to use the de minimis rate of 10% of Modified Total Direct Costs (MTDC), as defined at 2 CFR 200.1. Costs must be consistently charged as either indirect or direct costs but may not be double charged or inconsistently charged as both, as described in 2 CFR 200.403. Once elected, the de minimis rate must be applied consistently for all Federal awards until the organization chooses to negotiate a rate, which the organization may apply to do at any time. Documentation of the decision to use the de minimis rate must be retained on file for audit.

State and local governments. If your department or agency unit has a Federally negotiated indirect cost rate, your application must include that rate, the applicable distribution base, and a letter or other documentation from the cognizant agency showing the negotiated rate. If your department or agency unit receives more than \$35 million in direct Federal funding per year, you may not claim indirect costs until you receive a negotiated rate from your cognizant agency for indirect costs as provided in Appendix VII to 2 CFR part 200.

If your department or agency unit receives no more than \$35 million in direct Federal funding per year and your department or agency unit has developed and maintains an indirect cost rate proposal and supporting documentation for audit in accordance with <u>2 CFR Part 200</u>, <u>Appendix VII</u>, you may use the rate and distribution base specified in that indirect cost rate proposal.

Alternatively, if your department or agency unit receives no more than \$35 million in direct Federal funding per year and does not have a current negotiated rate (including provisional) rate, you may elect to use the de minimis rate of 10% of MTDC. As described in 2 CFR 200.403, costs must be consistently charged as either indirect or direct costs but may not be double charged or inconsistently charged as both. Once elected, the de minimis rate must be applied consistently for all Federal awards until your department or agency chooses to negotiate for a

rate, which you may apply to do at any time. Documentation of the decision to use the de minimis rate must be retained on file for audit.

## **G.** Other Submission Requirements

## 1. Standard Application, Assurances, Certifications and Disclosures

### Standard Form 424 (SF-424) Application for Federal Assistance

The SF-424 is the government-wide form required to apply for Federal assistance programs, discretionary Federal grants, and other forms of financial assistance programs. You must complete and submit the form with the other required forms and information as directed in this NOFO.

By signing the forms in the SF-424 either through electronic submission or in paper copy submission (for those granted a waiver), you and the signing authorized organization representative affirm that you both have reviewed the certifications and assurances associated with the application for Federal assistance and (1) are aware the submission of the SF-424 is an assertion that the relevant certifications and assurances are established and (2) acknowledge that the truthfulness of the certifications and assurances are material representations upon which HUD will rely when making an award to the applicant. If it is later determined the signing authorized organization representative to the application made a false certification or assurance, caused the submission of a false certification or assurance, or did not have the authority to make a legally binding commitment for the applicant, the applicant and the individual who signed the application may be subject to administrative, civil, or criminal action. Additionally, HUD may terminate the award to the applicant organization or pursue other available remedies. Each applicant is responsible for including the correct certifications and assurances with its application submission, including those applicable to all applicants, those applicable only to Federally recognized Indian tribes, or Alaskan native villages and those applicable to applicants other than Federally recognized Indian tribes, or Alaskan native villages.

#### **Assurances (HUD 424-B)**

By submitting your application, you provide assurances that, if selected to receive an award, you will comply with U.S. statutory and other requirements, including, but not limited to civil rights requirements. All recipients and subrecipients of the award are required to submit assurances of compliance with federal civil rights requirements. *See*, *e.g.*, Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments Act of 1972, Section 504 of the Rehabilitation Act of 1973, Violence Against Women Act, and the Age Discrimination Act of 1975; *see also* 24 C.F.R. §§ 1.5; 3.115; 8.50; and 146.25. HUD accepts these assurances in the form of the HUD 424-B, which also require compliance with HUD Reform Act requirements and all general federal nondiscrimination requirements in the administration of the federal assistance award.

## **Applicant Disclosure Report Form 2880 (HUD 2880)**

The form HUD 2880 is required if you are applying for assistance within the jurisdiction of HUD to any project subject to Section 102(d) of the <u>HUD Reform Act</u>. Assistance is provided directly by HUD to any person or entity, but not to subrecipients. It includes assistance for the acquisition, rehabilitation, operation, conversion, modernization, renovation, or demolition of any property containing five or more dwelling units that is to be used primarily for residential

purposes. It includes assistance to independent group residences, board and care facilities, group homes and transitional housing but does not include primarily nonresidential facilities such as intermediate care facilities, nursing homes and hospitals. It also includes any change requested by a recipient in the amount of assistance previously provided, except changes resulting from annual adjustments in Section 8 rents under Section 8(c)(2)(A) of the United States Housing Act of 1937 (42 U.S.C. 1437f). See HUD Reform Act regulation for additional information.

#### **Code of Conduct**

Both you, as the award recipient, and all subrecipients must have a code of conduct (or written standards of conduct). The code of conduct must comply with the requirements included in the "Conducting Business in Accordance with Ethical Standards" section of the Administrative, National and Department Policy Requirements and Terms for HUD Financial Assistance Awards, as well as any program-specific requirements. These requirements include ethical standards related to conflicts of interest for procurements in 2 CFR 200.318(c) and 2 CFR 200.317, as well as HUD-specific conflict of interest standards. HUD maintains a list of organizations that have previously submitted written standards of conduct on its Code of Conduct for HUD Grant Programs webpage. But it is your responsibility to ensure that the standards are compliant with the noted requirements and that HUD has the latest version of the written standards. Updated written standards should be submitted with the application. Any updates to your written standards, after the application period, should be submitted as directed by the HUD program contact for this NOFO.

#### **Affirmatively Furthering Fair Housing**

With some exceptions for Federally recognized Indian tribes and their instrumentalities, the application must discuss how the applicant will carry out the proposed activities in a manner that affirmatively furthers fair housing in compliance with the Fair Housing Act and its implementing regulations, and how applicants will meet the requirements of the definition of AFFH at 24 CFR 5.151. Applicants may propose activities that are consistent with their jurisdiction's Analysis of Impediments (AI), an Assessment of Fair Housing (AFH), or other means of fair housing planning that meaningfully supports their AFFH certification.

If the applicant will carry out proposed activities in a jurisdiction with an AFH, the proposed activities should be consistent with the AFH's fair housing goals and with fair housing strategies specified in the jurisdiction's Consolidated Plan or Public Housing Agency Plan.

Applicants will need to demonstrate how their proposed NOFO activities are aligned with AFFH requirements in response to Rating Factor 2.a. (Organizational Capacity and Experience, Affirmatively Furthering Fair Housing).

## 2. Other Program-Specific Requirements Standard Form 424A (SF-424A): Budget Information for Non-Construction Programs

Applicants must provide a complete and detailed budget for the total performance period of the expected award through the submission of the SF-424A. For the budget recorded on form SF-424A, provide a breakdown of the aggregate numbers detailing their allocation to each activity. The budget must also include a yearly breakdown of costs for each activity. In addition to the SF-424A form instructions available on Grants.gov, applicants should use <a href="Appendix I. HUD's Guidance for Preparing a Budget Request">Appendix I. HUD's Guidance for Preparing a Budget Request</a> in this NOFO, to complete the SF-424A. The data submitted on the SF-424A form will inform the expected financial assistance award for this

NOFO. All costs charged to awards made as a result of this funding announcement must be allowable, allocable, and supported by adequate documentation, consistent with applicable cost principles.

In reviewing this factor, HUD will assess how well the proposal justifies the proposed project and articulates the central research question(s) and the extent by which the project contributes to an understanding of the nature of the specific issues to be researched and how they relate to potential public or private policy responses

## Organizational Capacity and Experience and Key Personnel

## a. Organizational Capacity and Experience (Max Score: 25)

We will evaluate your organization's past performance based on your description of recent (within the past 5 years) research or evaluation projects that were fully completed and demonstrate your organization's ability to conduct the proposed research project. At a minimum,

**Maximum Points:** 10

**Maximum Points:** 40

these projects must be comparable in size, scope and complexity to the proposed work. For each recent project, applicants should provide:

- 1. Project name, funding organization, budget, and period of performance;
- 2. A description of the research/evaluation objectives, methods, data sources, and tasks performed that would be relevant to this NOFO, with emphasis on impacts studies and housing stability data used;
- 3. Names of key personnel, and any other staff who worked on the project and are proposed for the work under this NOFO;
- 4. A list of reports and/or written products;
- 5. A description of your past experience and resources to effectively meet the needs of underserved communities, particularly Black and Brown communities; and
- 6. Name and contact information for an individual at the funding organization who oversaw the work.
- 7. A narrative that describes how your proposal is aligned with Affirmatively Furthering Fair Housing (AFFH) requirements as required in Section IV.G. Specifically, identify where patterns of inequity exist within homeownership (including discussing which protected class(es) are impacted) and identify ways to increase equity for protected class(es) in compliance with civil rights and fair housing laws.

Note: Past performance will be verified with third-party references, including government technical representatives, contracting officer's representatives, and contract officers.

## b. Key Personnel (Max Score: 15)

Key personnel is defined as up to five individuals who will have key responsibilities related to managing or carrying out the proposed work. Key personnel must include, at a minimum, the Principal Investigator and Project Manager/Director. Key personnel may be in-house staff, subgrantees and/or consultants; however, the Principal Investigator and Project Manager/Director must be in-house staff. Applicants will be evaluated based on the extent to which proposed key personnel demonstrate subject matter expertise and the qualifications to carry out the required tasks.

## Soundness of Approach

#### a. Management Work Plan (Max Score: 15)

Applicants must produce a management work plan for the project that is reasonable to undertake the work. The narrative should present a clear, practical, and forward-looking plan to deliver the research products in this NOFO. As such, the narrative should include a staffing chart showing the allocation of resources for this project by presenting total person hours for each of the key personnel by year and by project task. The proposed work plan must clearly explain how the applicant will manage these activities, including the anticipated approach to:

- 1. Managing communication with HUD staff including providing quarterly status reports that include progress, accomplishments, issues, and budget tracking;
- 2. Establishing a timeline for the completion of the research effort;
- 3. Ensuring overall project quality controls and implementing a comprehensive, effective and transparent data quality control plan;

**Maximum Points:** 50

- 4. Identifying potential data collection challenges and proposing ways to overcome this or other issues or obstacles that may affect progress;
- 5. Identifying and assigning appropriately skilled staff and allocating sufficient staff time to successfully complete the required tasks;
- 6. Identifying costs related to data sets to be used for the research; and,
- 7. Setting start dates, completion dates, and other major milestones for each task and subtask. Where there are interdependencies among the tasks, the work plan shall indicate how each task will provide the necessary input to the other tasks.

#### b. Research Design (Max Score: 35)

The proposed research design will be rated on methodological soundness, clarity, and feasibility. Proposals can be limited to a set of jurisdictions, but the applicant must demonstrate that the proposed jurisdictions are sufficient for a robust design, with sufficient data points to allow for robust statistical power, and for the establishment of a counterfactual. The study should describe the method and design specification for estimating the relevant counterfactual outcomes. Applicants are expected to demonstrate that they have or will likely have access to eviction data or to any other housing stability measure included in the study. Applicants should discuss their experience using the proposed data and matching it to other data sources. Applicants should discuss any additional data sources that will be included in the study and the feasibility of obtaining the data. Applicants selected for award can request HUD data upon the execution of a data use agreement. Specifically, the research design must include:

- 1. A discussion of the homeownership gaps and of the factors that affect them;
- 2. A description of the proposed research, including the key research questions and identification of clear, testable hypotheses;
- 3. A description of the data that will be used, including a discussion of jurisdictions included in the study, data use agreements to access data (in place or expected), prior experience accessing and using the data, and proposed approach for merging data;
- 4. A description of how the variables used in the study will be defined, including exposures, outcomes, and covariates;
- 5. The proposed research methods, including a discussion of the counterfactual(s), how the study is powered to detect impacts, and the approach to isolate the impact of demographic and other relevant factors that could affect homeownership;
- 6. A discussion of capacity to obtain and protect data that includes personal identifiable information (PII), if applicable, and comply with all relevant privacy rules and regulations; and
- 7. The identification of potential challenges in carrying out the research, major methodological issues and data limitations, and appropriate approaches to mitigate these challenges.

This program does not offer points for Section 3.

#### 2. Other Factors

#### **Preference Points**

This NOFO supports the following policy initiatives. If your application demonstrates the appropriate information for the policy initiative, your application will receive up to two (2)

points for each initiative, and will receive no more than a total of four (4) points. These points are added to your application's overall score.

Minority-Serving Institutions (2 points)

You may choose to voluntarily commit to address policy initiatives in your application. Addressing these policy initiatives is not a requirement to apply for or receive an award. If you choose to address a voluntary policy initiative in your application, however, you will be required to adhere to the information submitted with your application should you receive an award. The proposed information will be included as a binding requirement of any federal award you receive as a term and condition of that award.

This program does not offer points for Climate Change

This program does not offer points for Environmental Justice.

This program does not offer preference points related to HBCUs.

### **Minority-Serving Institutions**

Pursuant to Executive Orders <u>13985</u>, <u>14041</u>, <u>14045</u>, and <u>14031</u>, you may receive up to two (2) preference points if you are an applicant designated as a minority-serving institution (MSI) or if your application proposes one or more partnerships with minority-serving educational institutions that have been historically underserved.

An applicant designated by the U.S. Department of Education as an MSI will receive up to two (2) preference points when the application includes documentation of the applicant's status as an HBCU, Hispanic-serving institution, Tribal-controlled postsecondary institution, Alaska Native-serving or Native-Hawaiian-serving institution, Predominantly Black Institution, Asian and Native American Pacific Islander-serving institution or Native American-serving nontribal institution.

This program does not offer Promise Zone preference points.

#### **B.** Review and Selection Process

#### 1. Past Performance

In evaluating applications for funding, HUD will consider an applicant's past performance in managing funds. Items HUD will consider include, but are not limited to:

The ability to account for funds in compliance with applicable reporting and recordkeeping requirements

Timely use of funds received from HUD

Timely submission and quality of reports submitted to HUD

Meeting program requirements

Meeting performance targets as established in the grant agreement

The number of persons served or targeted for assistance

HUD may reduce scores based on the past performance review, as specified under V.A. Review Criteria. Whenever possible, HUD will obtain and review past performance information. If this

review results in an adverse finding related to integrity of performance, HUD reserves the right to take any of the remedies provided in the <u>Pre-Selection Review of Performance section of the Eligibility Requirements for Applicants of HUD Financial Assistance Programs</u>.

## 2. Assessing Applicant Risk

In evaluating risks posed by applicants, HUD may use a risk-based approach and may consider any items such as the following:

- (1) Financial stability;
- (2) Quality of management systems and ability to meet the management standards prescribed in this part;
- (3) History of performance. The applicant's record in managing Federal awards, if it is a prior recipient of Federal awards, including timeliness of compliance with applicable reporting requirements, failing to make significant progress in a timely manner, failing to meet planned activities in a timely manner, conformance to the terms and conditions of previous Federal awards, and if applicable, the extent to which any previously awarded amounts will be expended prior to future awards;
- (4) Reports and findings from audits performed under Subpart F—Audit Requirements of this part or the reports and findings of any other available audits; and
- (5) The applicant's ability to effectively implement statutory, regulatory, or other requirements imposed on non-Federal entities.

## 3. Experience Promoting Racial Equity

In evaluating applications for funding, HUD will consider the extent to which the application demonstrates that the applicant has the experience and the resources to effectively address the needs of underserved communities, particularly Black and Brown communities. This may include experience successfully working directly with such groups, experience designing or operating programs that equitably benefit such groups, or experience successfully advancing racial equity in other ways. This may also include experience soliciting, obtaining, and applying input from such groups when designing, planning, or implementing programs and activities.

You must demonstrate your experience and resources to effectively address the needs of underserved communities, particularly Black and Brown communities in response to Rating Factor 2.a. (Organizational Capacity and Experience, Affirmatively Furthering Fair Housing).

## VI. AWARD ADMINISTRATION INFORMATION

#### A. Award Notices

Following the evaluation process, HUD will notify successful applicants of their selection for funding. HUD will also notify other applicants, whose applications were received by the deadline but were not chosen for award. Notifications will be sent by email to the person listed as the AOR in item 21 of the SF-424.

#### 1. Final Grant

After HUD has made selections, HUD will finalize specific terms of the award and budget in consultation with the selected applicant. If HUD and the selected applicant do not finalize the

terms and conditions of the award in a timely manner, or the selected applicant fails to provide requested information, an award will not be made to that applicant. In this case, HUD may select another eligible applicant. HUD may also impose specific conditions on an award as provided under 2 CFR 200.208.

#### 2. Adjustments to Funding

To ensure the fair distribution of funds and enable the purposes or requirements of a specific program to be met, HUD reserves the right to fund less than the amount requested in an application.

- a. HUD may fund no portion of an application that:
  - (1) Is ineligible for funding under applicable statutory or regulatory requirements;
  - (2) Fails, in whole or in part, to meet the requirements of this notice;
  - (3) Duplicates activities funded by other federal awards; or
  - (4) Duplicates activities funded in a prior year.
- b. HUD may adjust the funding for an application to ensure funding diversity, geographic diversity, and alignment with HUD administrative priorities.
- c. If an applicant turns down an award offer, or if HUD and an applicant do not finalize the terms and conditions of the award in a timely manner, HUD may withdraw the award offer and make an offer of funding to another eligible application.
- d. If funds remain after all selections have been made, remaining funds may be made available within the current fiscal year for other competitions within the program area, or be held for future competitions (if allowable in accordance with the applicable appropriation or authorizing statute), or be used as otherwise provided by authorizing statute or appropriation.
- e. If, after announcement of awards made under the current NOFO, additional funds become available either through the current appropriations, a supplemental appropriation, other appropriations or recapture of funds, HUD may, in accordance with the appropriation, use the additional funds to provide additional funding to an applicant awarded less than the requested amount of funds to make the full award, and/or to fund additional applicants that were eligible to receive an award but for which there were no funds available.

## 3. Funding Errors

If HUD commits an error that when corrected would cause selection of an applicant during the funding round of a Program NOFO, HUD may select that applicant for funding, subject to the availability of funds. If funding is not available to award in the current fiscal year, HUD may make an award to this applicant during the next fiscal year, if funding is available.

Specifically, the budget reported on SF-424A should provide a detailed cost breakdown for each line item outlined in the SF-424A by year, including a breakdown of costs for each activity/cost within the line item. The budget must separate out funding that is administered direct the applicant from any funding that will be subcontracted.

## Section B – Budget Categories

- Enter the total costs requested for each Object Class Category (Section B, number
  6) for all years of the total project period.
- o If the class categories are not known at the time of application, include the expected budget under row h.

Unless the program section of the NOFO indicates otherwise, if indirect charges are expected and included on the form, the charges must be calculated based on either the federal-approved negotiated indirect cost rate, or the 10 percent de minimis rate, as allowed by <u>2 CFR 200.414</u>.

#### Section D – Forecasted Cash Needed

 Enter each quarter in the first year of the project period, enter the cash needs anticipated.

## Section E – Budget Estimates of Federal Funds Needed for Balance of the Project

- Column (b)First = Enter the total federal funds needed for the second year of the project period, for each grant activity. Reflect the sum of funds from all activities for the second year in row 20.
- Column (c)Second = Enter the total federal funds needed for the third year of the project period, for each grant activity. Reflect the sum of funds from all activities for the third year in row 20.
- Column (d)Third = Enter the total federal funds needed for the fourth year of the project period, for each grant activity. Reflect the sum of funds from all activities for the fourth year in row 20.
- Column (e)Fourth = Enter the total federal funds needed for the second year of the project period, for each grant activity. Reflect the sum of funds from all activities for the second in row 20.
- o If the NOFO is for a period longer than five years, complete a second SF-424A form and upload it as an attachment to the application (this specific attachment will not be counted towards the page limit). Year 6 information should be included in column (b)First of Section E. Then enter the total for years 1-5 (per the first SF-424A form) in column (c)Second of Section E. The second SF-424A form will compute columns (b) and (c), reflecting total costs for the entire project period. This total should be consistent with the total Federal costs requested on the SF-424, Application for Federal Assistance. A blank SF-424A form can be found at Grants.gov: https://www.grants.gov/web/grants/forms/sf-424-individualfamily.html#sortby=1
