5. Record of Long Distance Commercial Calls,
Form HUD 200.19
6. Telephone Tips for Reducing Telephone Costs
7. Tips for Conducting Telephone Conferences
8. Certification of Telephone Bills Cover Memorandum
9. Glossary

FOREWORD

This Handbook establishes the policies, standards and procedures governing the management of telecommunications facilities and services throughout the Department. It also sets forth the organizations assigned functional responsibilities for management.

One of the goals of the Department is to substantially reduce all telecommunications costs; therefore, the standards and guidelines prescribed in this Handbook must be vigorously applied to control this budget expenditure.
