Notice PIH 2013-25

Expires: December 31, 2013

PIH Notice 2013-12

Subject: Notice of Annual Factors for Determining Public Housing Agency Administrative Fees for the Section 8 Housing Choice Voucher and Moderate Rehabilitation Programs

1. Purpose. This Notice announces the monthly per unit fee amounts for use in determining the on-going administrative fee for housing agencies administering the rental voucher and moderate rehabilitation programs, including Single Room Occupancy during Calendar Year (CY) 2013.

2. Background. This Notice provides the Department's methodology used to determine the CY 2013 administrative fees rates by area, which the Office of Housing Voucher Programs (OHVP) will utilize to compensate public housing authorities (PHAs) for administering the Housing Choice Voucher (HCV) programs. PIH Notice 2013-12, Implementation of the Federal Fiscal Year (FY) 2013 Funding Provision for the Housing Choice Voucher Program, issued on May 23, 2013, describes the settlement process for this compensation, which will be a result of the mandate enacted in the "Consolidated and Further Continuing Appropriations Act, 2013" (P.L. 113-6), referred to hereinafter as "the Appropriations Act", signed on March 27, 2013. PIH Notice 2013-12 can be found at <http://portal.hud.gov/hudportal/documents/huddoc?id=13-12pihn.pdf>.

3. CY 2013 Methodology. For CY 2013, in accordance with the Appropriations Act, administrative fees will be paid on the basis of units leased as of the first day of each month; this data will be extracted from the Voucher Management System (VMS) at the close of each reporting cycle.

Two fee rates are provided for each housing authority (HA). The first rate, Column A, applies to the first 7200 unit months leased in CY 2013. The second rate, Column B, applies to all remaining unit months leased in CY 2013. In years prior to 2010, a Column C rate was also provided, which applied to all unit months leased in units owned by the HA. For CY 2013 there are no Column C administrative fee rates. Fees for leasing HA-owned units will be earned in the same manner and at the same Column A and Column B rates as for all other leasing.

The fee rates calculated for CY 2013, using the standard procedure, in many cases resulted in rates lower than those provided for CY 2012. In those cases, the affected HAs are being held harmless at the CY 2012 rates.

The fee rates for each HA are those rates covering the areas in which each HA has the greatest proportion of its participants, based on Public Housing Information Center (PIC) data. In some cases, HAs have participants in more than one fee area. If an HA so chooses, the HA may request that the Department establish a blended fee rate schedule that will consider proportionately all areas in which participants are located. Once a blended rate schedule is calculated, it will be used to determine the HA's fee eligibility for all months of CY 2013.

PHAs that operate over a large geographic area were permitted to request a higher administrative fee rate if eligible under the circumstances as described in the CY 2013 implementation notice, PIH Notice 2013-12. Additionally, PHAs serving multiple administrative fee areas were permitted, in lieu of the fee determined for their agency, to request a blended rate based on the actual location of their assisted units. These fee rates also apply to the Moderate Rehabilitation program and the 5-Year Mainstream Program.

Accordingly, the Department issues the monthly per unit fee amount to be used for determining HA administrative fees under the Housing Choice Voucher and Moderate Rehabilitation programs as set forth on the schedule A appended to this Notice.
